

ITEAM ACCESS REQUEST GUIDE

What is ITEAM?

Incident Training Equipment Acquisition Management (I-TEAM) is a web-based acquisition tool that allows Acquisition Management (AQM) to draft, approve, store, and distribute the source list of noncompetitive fire equipment available for Region 6. Additional functions have been developed for Fire & Aviation Management (FAM) and Dispatch.

How to access ITEAM for Dispatch?

If you do not have an E-Authentication account you will need to go to the link below to request an E-Authentication account. Once on this site go to “Create an Account” option and request a **Level 1 Access**.

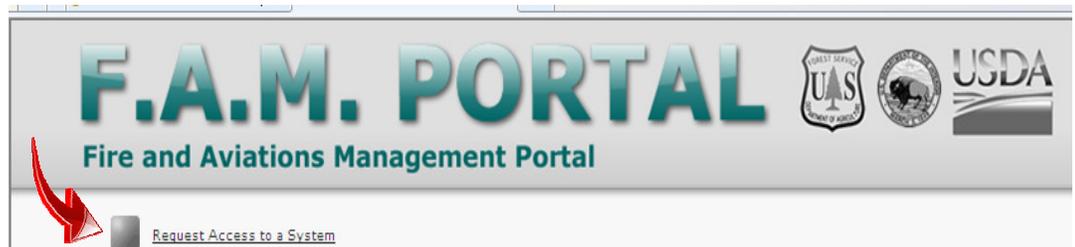

www.nwportal.fs.usda.gov
