UNIFIED ORDERING POINT: Los Padres Communication Center

This cost share agreement between the Department of Agriculture, United States Forest Service (USFS); Department of Defense (DOD), Fort Hunter Liggett; and the State of California Department of Forestry and Fire Protection (CAL FIRE), was prepared under the following guidelines:

1. In accordance with the California Master Cooperative Wildland Fire Management and Stafford Act Response Agreement between the USDA, Forest Service; USDI, Bureau of Land Management; USDI, National Park Service; USDI, Fish and Wildlife Service; USDI, Bureau of Indian Affairs; and the California Department of Forestry and Fire Protection.
2. In accordance with the local Fire Protection Agreement between Fr. Hunter Liggett, and the USFS, Los Padres National Forest..
3. All costs originating from orders placed by and for the incident that can be reasonably obtained and estimated for the cost share period will be included in this agreement and will be shared on the basis of the ICs/ARs' mutual agreement.
4. Costs for non-expendable property purchases by each agency will be charged direct to that agency and will not be shared.
5. Costs incurred by cooperators not engaged in joint fire suppression activities will not be included as a part of this cost share agreement.
6. Agency specific costs will not be shared.
7. Responsibility for tort claim costs or compensation for injury costs will not be a part of this agreement. Responsibility for these costs will be determined outside of this agreement.
8. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared.
9. Daily cost sharing will be documented and approved by the ICs/ARs for cost apportionment.

COST SHARE AGREEMENT for the Indians Incident.

10. Sharing of final actual costs between the agencies will be based on a summary of daily estimated incident suppression costs and each agency's proportionate share thereof as agreed to by the jurisdictional representatives.
11. Shared costs will be based on the Incident Commanders/Agency Representatives mutual judgment and agreement as to threat, incident objectives, and resources assigned for each agency's area of responsibility.
12. Aircraft and retardant costs will be shared on an actual use basis as determined by the Incident Commanders/Agency Representatives and will be calculated as a separate cost.
13. Within 5 months the parties to this agreement will meet to determine the total costs of each agency. The agency whose total actual costs exceed their proportional share of the overall incident final costs as determined within this agreement will bill the other agency. The billing, when paid, will result in each agency sharing overall incident costs as herein agreed.
14. An Administrative charge, the pre-established percentage set by each agency, will be applied by the agency issuing the settlement billing of the net amount owed.
15. Costs relating to the incident investigation of the whirl wind burn over of Forest Service Engine 71 crew (T-3, E-93) will not be included in this cost share agreement.
16. The Indians Incident provided support to the Basin Incident resources. The Basin Incident also provided support to the remaining Indians Incident resources after the close of the Indians Incident cost share period. There was no attempt to split the support costs between the two incidents. All support costs charged to the Indians Incident are accepted as part of the Indians Incident costs and will be shared at the percentages listed below.
17. The following agencies will be responsible for collecting actual cost/expenditure data that will make up the cost pool of shareable costs.
