COST SHARE AGREEMENT for the Oliver Fire Incident.

This cost share agreement between the USDA, Forest Service (USFS) and the State of California Department of Forestry and Fire Protection (CAL FIRE) was prepared under the following guidelines:

1. In accordance with the **CALIFORNIA MASTER COOPERATIVE WILDLAND FIRE MANAGEMENT AND STAFFORD ACT RESPONSE AGREEMENT (CFMA)** between the USDA, Forest Service, USDI, Bureau of Land Management, National Park Service, Fish & Wildlife Service, Bureau of Indian Affairs and the California Department of Forestry and Fire Protection.
2. In accordance with the Cooperative Fire Protection Agreement between Mariposa County and the California Department of Forestry and Fire Protection (CAL FIRE).
3. All costs originating from orders placed by and for the incident that can be reasonably obtained and estimated for the cost share period will be included in this agreement and will be shared on the basis of the ICs/ARs' mutual agreement.
4. Costs for non-expendable property purchases by each agency will be charged direct to that agency and will not be shared.
5. Costs incurred by cooperators not engaged in joint fire suppression activities will not be included as a part of this cost share agreement.
6. Agency specific costs will not be shared.
7. Responsibility for tort claim costs or compensation for injury costs will not be a part of this agreement. Responsibility for these costs will be determined outside of this agreement.
8. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared.
9. Daily cost sharing will be documented and approved by the ICs/ARs for cost apportionment.
10. Sharing of final actual costs between the agencies will be based on a summary of daily estimated incident suppression costs and each agency's proportionate share thereof as agreed to by the jurisdictional representatives.
11. Shared costs will be based on the Incident Commanders/Agency Representatives mutual judgment and agreement as to threat, incident objectives, and resources assigned for each agency's area of responsibility.

COST SHARE AGREEMENT for the Oliver Fire Incident.

12. Aircraft and retardant costs will be shared on an actual use basis as determined by the Incident Commanders/Agency Representatives and will be calculated as a separate cost.
13. An administrative charge, the pre-established percentage set by each agency, will be applied by the agency issuing the settlement billing for the net amount owed.
14. In recognition of their responsibility to protect the County of Mariposa, the Mariposa County Fire Department will incur the costs associated with Strike Team 5100B. Support costs for this resource have been included in the apportionment process and are reflected on the worksheets. The Mariposa County Fire Department will not be reimbursed by either the California Department of Forestry and Fire Protection or the United States Forest Service for the above mentioned Strike Team.
15. Additional suppression rehabilitation repair is required after July 5, 2008, on Federal and State DPA. Cost for this suppression rehabilitation repair has been apportioned and is included in this agreement for a period of two (2) days. If the actual suppression rehabilitation repair does not meet this time frame parameter, then, by mutual consent, the cost apportionment process will be re-opened.
16. Within 10 months the parties to this agreement will meet to determine the total costs of each agency. The agency whose total actual costs exceed their proportional share of the overall incident final costs as determined within this agreement will bill the other agency. The billing, when paid, will result in each agency sharing overall incident costs as herein agreed.
17. The following agencies will be responsible for collecting actual cost/expenditure data that will make up the cost pool of shareable costs.
