COST SHARE AGREEMENT for the CA-MMU-009779 Incident.

This cost share agreement between USFS and State of California Department of Forestry and Fire Protection (CAL FIRE) was prepared under the following guidelines:

1. In accordance with the "California Master Cooperative Wildland Fire Management and Stafford Act Response Agreement" between the USDA, Forest Service, USDI, Bureau of Land Management, USDI, National Park Service, USDI Fish and Wildlife Service, USDI Bureau of Indian Affairs, and the California Department of Forestry and Fire Protection (CAL FIRE).
2. All costs originating from orders placed by and for the incident that can be reasonably obtained and estimated for the cost share period will be included in this agreement and will be shared on the basis of the Incident Commanders / Agency Representatives mutual agreement.
3. Costs for non-expendable property purchases by each agency will be charged direct to that agency and will not be shared.
4. Costs incurred by cooperators not engaged in joint fire suppression activities will not be included as a part of this cost share agreement.
5. Agency specific costs will not be shared.
6. Responsibility for tort claim costs or compensation for injury costs will not be a part of and will be determined outside of this agreement.
7. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared.
8. Daily cost sharing will be documented and approved by the Incident Commanders / Agency Representatives for cost apportionment.
9. Sharing of final actual costs between the agencies will be based on a summary of daily estimated incident suppression costs and each agency's proportionate share thereof as agreed to by the jurisdictional representatives.
10. Shared costs will be based on the Incident Commanders/Agency Representatives mutual judgment and agreement as to threat, incident objectives, and resources assigned for each agency's area of responsibility.
11. An administrative charge, the pre-established percentage set by each agency, will be applied by the agency issuing the settlement billing for the net amount owed.
12. Aircraft and retardant costs will be shared on an actual use basis as determined by the Incident Commanders/Agency Representatives and will be calculated as a separate cost.

COST SHARE AGREEMENT for the CA-MMU-009779 Incident.

13. Within 5 months the parties to this agreement will meet to determine the total actual costs of each agency. The agency whose total actual costs exceed their proportional share of the overall incident final costs, as determined within this agreement, will bill the other agency. The billing, when paid, will result in each agency sharing overall incident costs as herein agreed.
14. Costs incurred for suppression related repair will be shared but are limited to the cost of work completed by midnight on August 17, 2008. Cost of any work to be done after August 17, 2008 will be non-shared agency specific and under different incident order numbers.
15. The Telegraph Fire was sent engines (Type 6) under FEMA "F" Code F58007 with override code of 05/20. Telegraph strike team of Engines 4, 5, 6, and 7 were identified as the engines sent thru FEMA. A list of these Telegraph strike teams is attached.
16. The following agencies will be responsible for collecting actual cost/expenditure data that will make up the cost pool of shareable costs.
