This cost share agreement between USDA-USFS, and the CALIFORNIA DEPARTMENT OF FORESTRY (CDF) was prepared under the following guidelines:

1. In accordance with the Cooperative Fire Protection Agreement between USDA-USFS, and the California Department of Forestry and Fire Protection (CAL FIRE), known as the Five Party Agreement.
2. All costs originating from orders placed for the incident that can be reasonably obtained and estimated for the cost share period will be included in this agreement and will be shared on the basis of the Incident Commanders/Agency Representatives mutual agreement.
3. Costs for non-expendable property purchases by each agency will be charged directly to that agency and will not be shared.
4. Costs incurred by cooperators not engaged in joint fire suppression activities will not be included as part of this cost share agreement.
5. Responsibility for tort claim costs or compensation for injury costs will not be a part of this agreement. Responsibility for these costs will be determined outside of this agreement.
6. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared as part of the cost pool.
7. Shared costs will be based on the Incident Commander/Agency Representatives mutual judgment and agreement as to threat and resources assigned for each agency's area of responsibility.
8. Parties to this agreement understand that there may be costs solely and directly attributable to the incident that may not have been charged to that incident's accounting due to the inability at times to reassign resources numbers or to account separately for joint use of supporting operations. These costs may be made part of the incident's actual cost pool to be shared. If this occurs, the signers of this agreement will be made aware of, before finalization of this agreement and to the extent possible, the probable adjustments that will be required during the normal billing process.

9. The following agencies will be responsible for collecting actual cost/expenditure data that will make up the cost pool of shareable costs:

| <u>COST SOURCES</u> | <u>RESPONSIBLE AGENCY</u> |
|----------------------|---|
| NON-FEDERAL AGENCIES | CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION |
| FEDERAL AGENCY | USDA-USFS |

11. Sharing official actual costs between the agencies will be based on the percentage agreement established by the Incident Commanders estimated incident suppression costs and each agency's proportionate share thereof also as agreed to by the Incident Commanders/Agency Representatives.
- 12.. In accordance with the Incident Commanders agreement, it is hereby agreed that cost sharing on this incident will be:

| | GROUND RESOURCES | AIRCRAFT/RETARDANT |
|--------------|-----------------------------|---------------------------|
| CAL FIRE | 50.00% | 50.00% |
| FEDERAL | 50.00% | 50.00% |
| TOTAL | 100% | 100% |

This agreement is our best judgment of each agency's cost responsibilities.
