**CERTIFIED MAIL – RETURN
RECEIPT REQUESTED**

Dear Mr. Bates:

This letter is a modification of the 2012 Annual Operating Instructions (AOI) for the Brumley Ridge C&H Allotment. You requested last week that the authorized numbers be decreased by 40-50 pairs due to the dry conditions. The remainder of the AOI will not change.

AUTHORIZED USE FOR 2012

Allotment	Numbers	Kind	Class	Season	Permittee	Non-use	
						Resource protection	Personal convenience
Brumley Ridge	250-260	Cattle	Cow/calf	06/06 to 10/19	Bates, Kenneth E.	X	

GRAZING SYSTEM AND SCHEDULE

Pasture	Number	Kind	Approximate Dates
Lower Brumley	250-260	Cattle	06/06 - 06/16
Mill Creek	250-260	Cattle	06/17 - 07/09
Upper Brumley (Boren Mesa)	250-260	Cattle	07/10 - 07/27
Upper Brumley (Brumley Ridge)	250-260	Cattle	07/28 - 08/14
Upper Brumley (Gold Basin)	250-260	Cattle	08/15 - 08/31
Geyser Pass	250-260	Cattle	09/01 - 09/22
Mill Creek	250-260	Cattle	09/23 - 10/01 (Trail through)
South Mesa	250-260	Cattle	09/23 - 10/15
Lowery Brumley	250-260	Cattle	10/15 - 10/19 (Trail off)

* As discussed during the AOI and previous meetings, the Upper Brumley pasture is large and somewhat naturally divides into about three main areas: Gold Basin, Boren Mesa and Brumley Ridge. The majority of the herd will move to each area as approximated in the above schedule. However, because there are no fences separating each area, it is expected that some animals may wander from the main herd and be grazing in a different area of the pasture than what is indicated in the schedule above.

Sincerely,

Michael Diem
