

# Williams Ranger District Kaibab National Forest Off-Road Elk Retrieval Areas

**Hunt Unit 19B**

**Hunt Unit 7E**

**Hunt Unit 7W**

**Hunt Unit 10**

**Hunt Unit 8**

**Hunt Unit 6B**

This map depicts areas where motorized off-road elk retrieval is permitted.

When an elk has been legally taken within Arizona Game and Fish Department hunt unit 6B, 7E, 7W, 8, 9, 10 or 19B the individual who legally took the elk may drive, or be driven to the downed animal. Under no circumstances may a second vehicle be used to retrieve the elk. The vehicle driven to the elk should be of sufficient capacity that only one trip is necessary. The number of individuals who participate in the retrieval is limited only by the vehicle's capacity and the willingness of others to walk to and from the downed elk.

The vehicle used to retrieve the elk may be operated on Kaibab National Forest non-wilderness lands that are not subject to other off-road driving restrictions, and that are within Game and Fish Department hunt units 6B, 7E, 7W, 8, 9, 10 or 19B and that are within 1 mile of roads designated for public motorized use on the Motorized Vehicle Use Map (MVUM).

Motor vehicle use off designated MVUM roads is not permitted for retrieval of any species other than elk.

**Off-Road Elk Retrieval Areas**

- Towns
- Major Public Roads**
- Interstate Highway
- Federal or State Highway
- Other Public Road
- Hunt Unit Boundary
