"Parks Make  
Life Better!"

## Getting there:

The Complex is located within the William "Bill" Patterson (Brookfield) Park between Phelps St. and Jones Ave.

**By bus:** Take the AC Transit #45 and Off Board at the SE Corner of Edes Ave & Phelps St

## Hosted by:

CITY OF OAKLAND  
OFFICE OF PARKS AND RECREATION

## Seeking Residents from East Oakland!

San Francisco State University (SFSU) is working closely with Federal and State Land Managers and other CSU campuses on a very important transportation-related project across California. As part of the community engagement initiatives we are seeking residents of the East Oakland community to take part in a listening session relating to:

1. Your experiences with outdoor recreation and visiting forest, parks, and other public lands; and
2. Transportation preferences, needs, and challenges

Would you like to participate? We are looking for 12-15 people (18 and older). You need not have visited specific public lands – we're seeking input on what experiences you have had and how alternative transportation systems can best meet community needs.

You're invited to attend a 90-minute listening session / group interview to discuss your experiences with outdoor recreation and transportation-related preferences.

**Listening Session will be held Monday, July 23 from 5:30-7pm**  
**East Oakland Sports Complex (Free childcare for youth 4-12yrs!)**  
**9161 Edes Avenue / 510-615-5838**
