This cost share agreement between USDA Forest Service, Lake Tahoe Basin Management Unit, Lake Valley Fire Protection District and City of South Lake Tahoe was prepared under the following guidelines:

1. In accordance with the Cooperative Fire Protection Agreement between the USDA Forest Service Lake Tahoe Basin Management Unit and Lake Valley Fire Protection District.
2. Cooperative Fire Protection Agreement between the City of South Lake Tahoe Fire Department and the USDA-Forest Service, Lake Tahoe Basin Management Unit.
3. All costs originating from orders placed by and for the incident that can be reasonably obtained and estimated for the cost share period will be included in this agreement and will be shared on the basis of the ICs/ARs' mutual agreement.
4. Costs for non-expendable property purchases by each agency will be charged direct to that agency and will not be shared.
5. Costs incurred by cooperators not engaged in joint fire suppression activities will not be included as a part of this cost share agreement.
6. Agency specific costs will not be shared.
7. Responsibility for tort claim costs or compensation for injury costs will not be a part of this agreement. Responsibility for these costs will be determined outside of this agreement.
8. Non-suppression rehabilitation costs are the responsibility of the jurisdictional agency and will not be shared.
9. Sharing of final actual costs between the agencies will be based on a summary of daily estimated incident suppression costs and each agency's proportionate share thereof as agreed to by the jurisdictional representatives.
10. Daily cost sharing will be documented and approved by the ICs/ARs for cost apportionment.

**COST SHARE AGREEMENT for the Angora Incident.**

11. Aircraft and retardant costs will be shared on an actual use basis as determined by the Incident Commanders/Agency Representatives and will be calculated as a separate cost.
12. This Cost Share Agreement supersedes all previous verbal and written agreements for sharing of costs for this incident.
13. Within 5 months the parties to this agreement will meet to determine the total costs of each agency. The agency whose total actual costs exceed their proportional share of the overall incident final costs as determined within this agreement will bill the other agency. The billing, when paid, will result in each agency sharing overall incident costs as herein agreed.
