**WAYNE NATIONAL FOREST**

---

**POSITION**

**Title, Series, and Grade:** Forestry Technician, Zone FMO – GS-0462-10/11

**Tour of Duty:** Full- time, Permanent (40 hours a week)

**Duty Station:** Wayne National Forest, Ironton Ranger District, Pedro, OH

**This outreach is to determine the potential applicant pool for this position and to establish the appropriate recruitment method and area of consideration for the vacancy announcement (e.g. target grade or multi-grade, series, and service-wide, region-wide, government-wide, or DEMO). Responses received from this outreach notice will be relied upon to make these determinations. If you are interested, we encourage you to complete the attached Outreach Response Form and return by **November 20, 2012.****

For more information, call Tim Slone, Ironton District Ranger at 740-534-6525 ([tims lone@fs.fed.us](mailto:tims lone@fs.fed.us)). This position will be advertised in **USAJOBS.OPM.GOV**

**Major Duties:**

The Ironton and Athens Ranger Districts share wild land urban interface issues with a number of communities and their governments, including Ohio Division of Wildlife, Ohio Division of Forestry, and local County entities. The position serves as Zone Fire Management Officer with responsibility for the professional development, implementation and administration of both unit's fire and fuel management programs. The incumbent will also assist the District Rangers in the development and prioritizing of fire management plans and programs. Because of the critical nature of the fire management program to the total Forest program, the incumbent's decisions and participation will play a key role in effective ecosystem and policy management of the Wayne National Forest.

Fire resources include Two Type 6 Engines and 6 full time fire-fighters. The incumbent is responsible for the supervision of suppression and prevention personnel, and the suppression actions both on and off forested lands. We average approximately 50-80 wild- fires per year. Both district's prescribed fire program is varied and complex, with both urban interface work as well as forest health restoration. Many of our prescribed burns, 1500-3000 acres annually, encourage oak-hickory restoration and are of moderate complexity.
