

Shasta-Trinity National Forest Heritage Archaeology Day Presents

The Primitive Within: A Stone-Tool Technology Live Presentation

Cave painting from Chavet Cave

November 3, 2012

1 - 3:30 p.m.

Forest Service Headquarters

3644 Avtech Parkway

Redding, CA 96002

For More Information, Call

(530) 226-2339

Each of us carries the genetic material of peoples who made and used stone tools.

Join us for a fascinating look at the technology that brought humankind through the shadowy portions of prehistory. Learn the basics of turning a piece of stone into a weapon deadly enough to take on the giant Mammoth or versatile enough to butcher a rabbit.
