Mount St. Helens Winter-Spring 2013 Volcano Naturalist Program

Dave Anderson

The Volcano Naturalist Program provides in-depth training on the ecology, geology, and history of Mount St. Helens in exchange for a commitment to volunteer for Mount St. Helens. This is your opportunity to become part of the dynamic landscape of Mount St. Helens.

Classes held at Gifford Pinchot N.F.
Headquarters in Vancouver, WA
Wednesdays 6-9pm
February 27th - May 15th,
plus 3 weekend field trips

Apply online before January 18th at -

www.mshinstitute.org

or contact Amy Tanska:

atanska@mshinstitute.org or (360) 449-7826

Scholarship may be available

Clock hours are available for WA state teachers

Course fee (\$200) includes:

- 60 hours of training by Mount St. Helens experts
- Local natural history books
- Supplemental course materials and field notebook
- Certification as Volcano Naturalist after 60 volunteer hours
- Refreshments

for the greatest good
