

ASSESSMENT REPORT

FEDERAL LANDS IN AND ADJACENT TO OREGON COAST PROVINCE

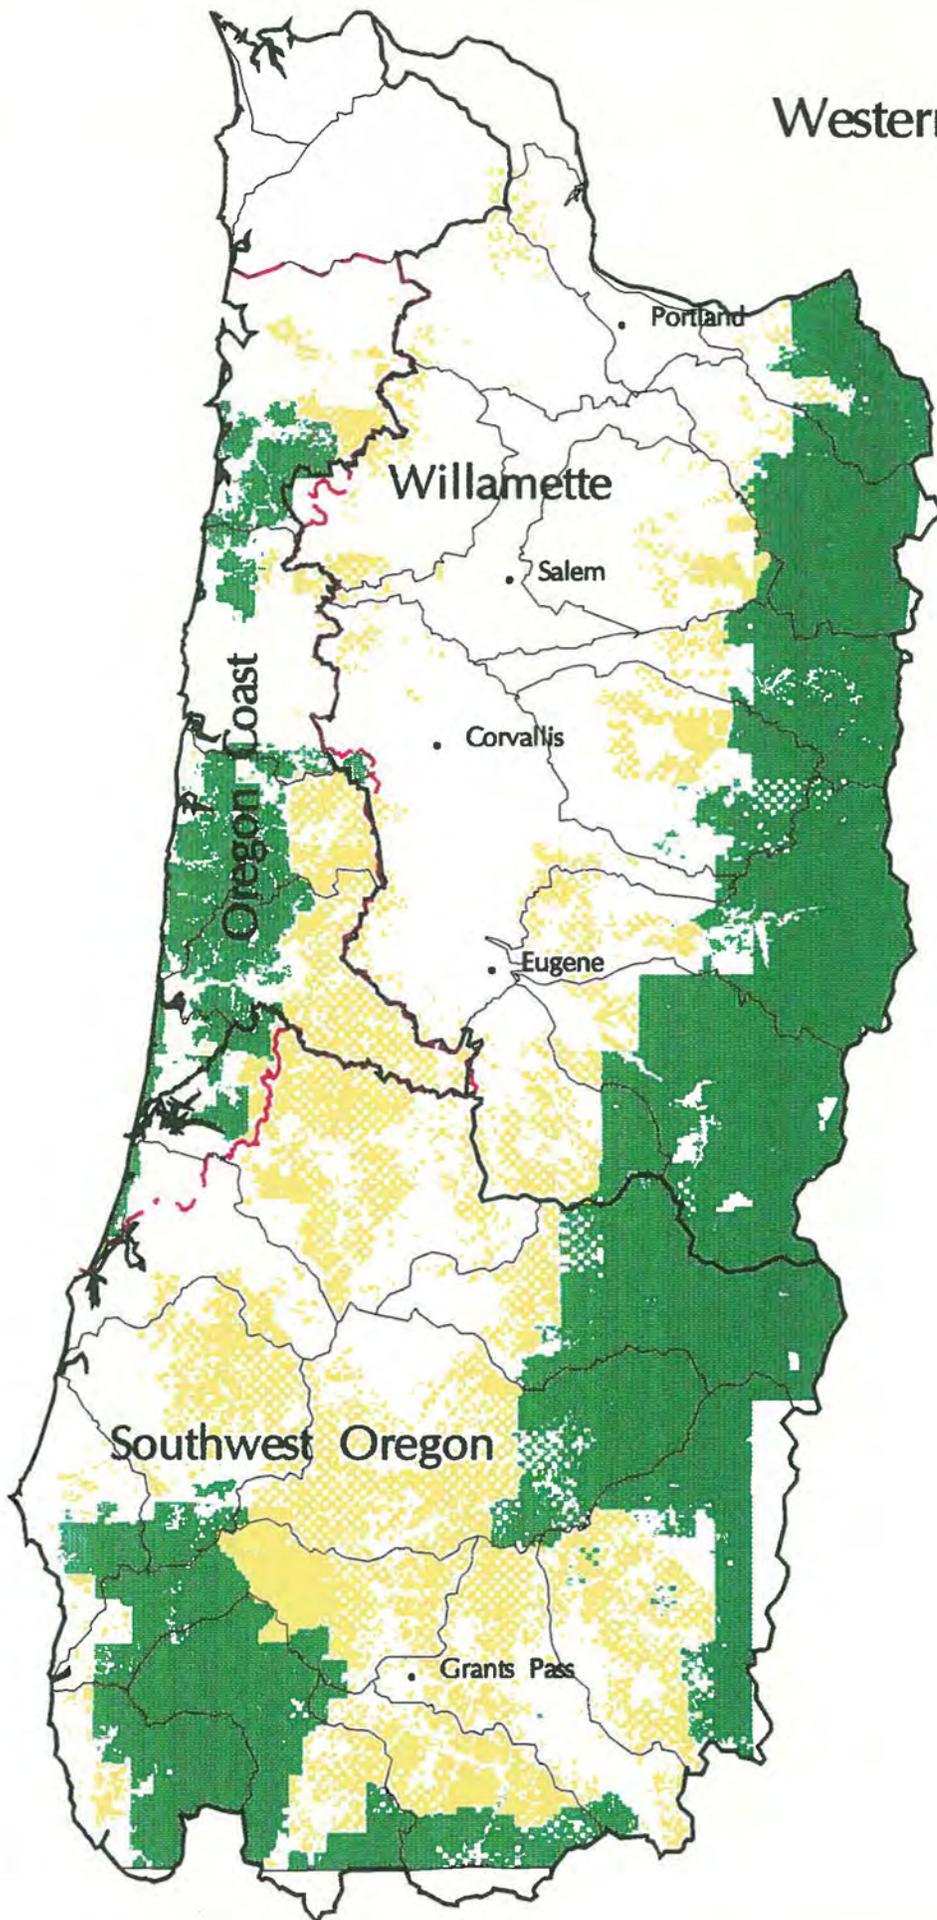

July 1995

We abuse land because we regard it as a commodity belonging to us.
When we see land as a community to which we belong, we may begin to use it
with love and respect...That land is a community is the basic concept of ecology,
but that land is to be loved and respected is an extension of ethics.

- Aldo Leopold

Western Oregon Provinces

-  USFS Lands
-  BLM Lands
-  Other Ownerships
-  4th Field HUCS
-  Study Area Boundary
-  Province Boundary

Scale 1:1905720

March 21, 1995

TABLE OF CONTENTS

	Page
A. INTRODUCTION	1
OVERVIEW OF AREA	2
B. DESCRIPTION OF ASSESSMENT AREA	5
LANDOWNERSHIP	5
NORTHWEST FOREST PLAN	6
C. LARGE-SCALE NATURAL PROCESSES	
CLIMATE	13
SOIL/CLIMATE ZONES	15
Derivation of Zones	15
Description of Zones	15
NATURAL DISTURBANCE PROCESSES	17
Fire History	18
Development of Disturbance Regime Blocks	19
Disturbance Block Summary	30
LANDSLIDE RISK	33
Debris Slides	33
Deep Seated Slumps and Earthflows	35
Management Implications	35
SOIL PRODUCTIVITY	36
Effects of Wildfire and Timber Harvest Activity	36
Management Implications	37
D. TERRESTRIAL ENVIRONMENT	39
CURRENT VEGETATION	39
Matrix Vegetation	41
Managed Stands	44
WILDLIFE HABITATS AND SPECIES ASSOCIATED WITH LATE-SUCCESSIONAL FORESTS	45
Amount and Pattern of Late-Successional Forests	45
Dispersal Habitat Analysis	52
Northern Spotted Owls	52
Marbled Murrelets	55
Riparian Reserves	55
Isolated Secure Blocks	59
Botanical Resources	60
Elk Habitat Capability	60
Management Implications for Late-Successional Forest Restoration	62
E. AQUATIC ENVIRONMENT	65
WATER QUALITY	65
Effects of Logging	66
Effects of Farming	68
Interagency Coordination Opportunities	68

WATER QUANTITY	69
Interagency Management Opportunities	69
FISH DISTRIBUTION	70
FISH HABITAT	71
Riparian Conditions	75
Fish Habitat Needs Within Late-Successional Reserves	78
ODFW Objectives	78
Management Implications	79
F. SOCIAL SETTING	81
HISTORY OF HUMAN SETTLEMENT	81
American Indian Societies and Current Issues	81
White Settlement and Influence	83
CURRENT SOCIAL SETTING AND EMPLOYMENT	84
Demographics	84
Employment and Economy	87
ROAD NETWORK	92
CURRENT USES	92
Scenery	92
Recreation	98
Other Uses	104
G. MANAGEMENT OPPORTUNITIES	107
REFERENCES	
LIST OF PREPARERS	
APPENDICES	
A.1 Forestwide Assessment GIS Data	
B.1 Land Ownership by Watershed	
B.2 Sixth Field Watersheds	
B.3 Administratively Withdrawn Lands (BLM)	
C.1 Landtype Associations (LTAs)	
C.2 Soil Moisture Zones, Fire Blocks and LTAs by Watershed	
C.3 Plant Association Groups	
C.4 Landslide Risk by Watersheds	
D.1 Development of Seral Stage Classification for Federal Lands	
D.2 Plantation Management Trends on the Siuslaw NF	
D.3 Mature Conifer Forest Acres By Watershed on Federal Lands	
D.4 Probable Sale Quantity/Total Sale Quantity Adjustment	
D.5 Late Seral Species (FEMAT and ROD Survey & Manage Species)	
D.6 Regional Forester Sensitive Species, Siuslaw NF	
D.7 Interior Forest Acres by Watershed on Federal Lands	
D.8 Dispersal Habitat: 50-11-40 Analysis	
D.9 Owl Median Home Range Condition by Watershed on Federal Lands	

APPENDICES (continued)

- D.10 USFS Murrelet Area Condition by Watershed on Forest Service Lands
- D.11 Species Associated with Riparian Reserves
- D.12 Riparian Reserve Condition in Late-Successional Reserve Allocations
- D.13 Elk Capability Areas
- D.14 Sequenced Selection of High Priority Watersheds for Restoration

- F.1 Population Data for Study Area and Individual Counties
- F.2 Employment Statistics for 9-county Area
- F.3 Scenic Features
- F.4 Scenic Condition of Federal Lands
- F.5 Developed Recreation Sites and Number of Visitors
- F.6 Highest Recreation Use
- F.7 Recreation Activities
- F.8 Recreation Activities, BLM
- F.9 Definition of ROS
- F.10 Special Forest Products

LIST OF TABLES

- B.1 Landownership in Study Area
- B.2 Late-Successional Reserves in Study Area
- B.3 Northwest Forest Plan Land Allocations
- B.4 Key Watersheds by River Basin

- C.1 Percent of Landscape Burned Between 1850 and 1940
- C.2 Number of Patches in 1850 and 1940
- C.3 Summary of Disturbance Blocks
- C.4 Watersheds with Predominant High Risk for Debris Slides
- C.5 Watersheds with Predominant High Risk for Slumping

- D.1 Seral Stage Distribution - Federal Lands in Study Area
- D.2 Summary of Matrix and LSR Acres, Siuslaw NF
- D.3 Seral Stages of LSR R0268
- D.4 Seral Stages of LSR L0269

- E.1 Fish Habitat Conditions of Inventoried Streams

- F.1 Coastal City Population Changes, 1980-1993

LIST OF FIGURES

- C.1 Disturbance block 1 - Percent of total area by seral stage
- C.2 Disturbance block 1 - Number of patches by seral stage
- C.3 Disturbance block 1 - Number of acres in mature conifer patches
- C.4 Disturbance block 1 - Number of acres in small patches by seral stage
- C.5 Disturbance block 6 - Percentage of area by seral stage
- C.6 Disturbance block 6 - Number of patches by seral stage
- C.7 Disturbance block 6 - Number of acres in mature conifer patches
- C.8 Disturbance block 6 - Number of acres of mature conifer mix patches
- C.9 Disturbance block 6 - Number of small patches by seral stage

- D.1 Percentage of area by seral stage
- D.2 Total area in mature conifer by patch size
- D.3a Mature conifer forest condition by fifth field watershed
- D.3b Mature conifer forest condition by fourth field (river basin)
- D.4 Interior forest condition by watershed - federal land
- D.5 Proportion of federal lands in owl home ranges
- D.6 Proportion of habitat within owl median home ranges
- D.7 Proportion of habitat within murrelet areas on Forest Service Land
- D.8 Proportion of riparian reserve in natural condition in LSRs

- E.1 Potential highly productive flats - Cummins/Tenmile Watersheds
- E.2 Potential highly productive flats - N. Fork Siuslaw Watershed

- F.1 Locations of Indian Tribes
- F.2 1993 estimated county populations
- F.3 Percent of 1990-1993 growth from net migration, by county
- F.4 County population greater than 65 years of age
- F.5 Lumber and wood products employment, by county

LIST OF MAPS

Note: Most of these are full-size maps (36" x 48") stored at the Siuslaw National Forest Supervisor's Office, GIS section. The Vicinity Map appears at the front of this document. Other maps shown below as "small" (Maps B.1, B.4, and C.1) are located together at the end of this document.

Vicinity Map (small)

- B.1 Assessment Area (small and large)
- B.2 River Basins and Watersheds (mylar)
- B.3 Private Lands
- B.4 Late-Successional Reserves in Assessment Area (small)
- B.5 Northwest Forest Plan Land Allocations
- B.6 Key Watersheds (mylar)

- C.1 Soil/Climate Zones (small and large mylar)
- C.2 1850 Fire History - Age Class Distribution
- C.3 1940 Fire History - Age Class Distribution
- C.4 Fire History - Reburn Frequency
- C.5 Plant Association Groups
- C.6 Land Type Associations and Landslide Risk

- D.1 Seral Stage Vegetation - Prelogging
- D.2 Seral Stage Vegetation - Current
- D.3 Interim Riparian Reserves, Siuslaw National Forest
- D.4 Matrix/AMA Land, Siuslaw National Forest
- D.5 Mature Stands and Interior Habitat
- D.6 Road Network - Prelogging (1950)
- D.7 Road Network - Current
- D.8 Road Network - Access & Travel Management Plan
- D.9 Elk Capability Areas

- E.1 Stream Water Temperature Extremes - unavailable at this time
- E.2 Waters Proposed for CWA, Sec. 303(d) Listing
- E.3 Water User Inventory
- E.4 Anadromous Streams and Land Ownership
- E.5 Rainbow & Cutthroat Trout Distribution
- E.6 Coho, Chinook and Steelhead Distribution
- E.7 Fish-bearing Streams by Year Surveyed

- F.1 Viewsheds
- F.2 Recreation Sites
