

Recreation Program Modification Initiative Tonto National Forest

Option Two: Fee Changes

An increase in the price of the Tonto Pass or an alteration in the program's fee structure can provide additional revenue. New revenues would be used to address a growing backlog of deferred maintenance needs while continuing to provide for the health and safety of our visitors. Changes are coming to the fee program such as the acceptance of the Inter-Agency Pass at day use sites.

Examples Include:

- Increase Tonto Pass price to maintain higher level of service at developed recreation sites
- Increase fees for camping through purchase of a separate camping sticker (similar to watercraft sticker)
- Increase price of watercraft sticker
- Increase price of Tonto Annual Upgrade
- Create standalone Tonto Annual Pass
