THIS IS TRULY A HUNT *of a* LIFETIME

Twenty-nine lucky Wheelin' Sportsmen members from across the country will come together for a weekend turkey hunt at one of the Southeast's most pristine turkey hunting locales. Savannah River Site (SRS), owned by the United States Department of Energy, is one of the most biologically diverse areas in the Southeast. Much of the 198,000 acres is actively managed to sustain healthy forest ecosystems. With only 12 percent of the overall acreage used for nuclear industrial purposes, much of the site is home to pine and hardwood forests, wetlands, streams and wildlife.

Hunters will experience exciting hunts, activities, entertainment and will make memories that last a lifetime. The hunt will also bring together Wheelin' Sportsmen members, program partners and volunteers for an experience of learning from one another how to best implement similar events in their hometowns.

We are looking for participants who are

active within the Wheelin' program and would be able to use this hunt as a learning experience to go back and start similar events in their hometowns.

There are a limited number of spots available for the hunt. Please send in the application as soon as possible, but no later than March 1, 2013. Hunters must be U.S. citizens, minimum of 16 years old and have a qualifying disability.* Hunters will be selected by random drawing. Selected hunters will be announced and notified in writing no later than March 5, 2013.
