Spring 2013 Temporary Vacancies on the Gallatin National Forest

The Gallatin National Forest anticipates filling multiple temporary vacancies within fire, forestry, range and recreation programs. Work as a team member suppressing wildfires and conducting fuels field work on a fire crew. Other positions monitor, spray and plant trees as part of the forestry silviculture program. As a range technician you will monitor allotments and conduct noxious weeds treatments. A person hired to a recreation or trail crew will work in the many developed recreation sites on the forest or as part of a wilderness crew maintaining trails. Wildlife and fire dispatch positions available too.

Candidates are encouraged to apply to any position/location of interest on the Forest. Announcements for many positions are open and continuous over a period of several months or annually. Positions that are vacant may be immediately filled with all available applications.

Candidates should access USAJOBS for all vacancy announcement information and search by job announcement number (clickable links below). Read the announcement thoroughly to ensure you are applying to the correct announcement, as some position titles are similar.
