**Chair's Corner:**

We wish you Happy New Year to all for 2013. Everyone in our retirees group had a good time at the Win River Casino in December. The meal was exceptional and always, your donated raffle items are fun to distribute. Again, it is always nice to see people you worked with for so many years.

As some of you know, I am retired from the Mendocino NF. Linda is retired from the Bureau of Reclamation (Willows), but worked her first 19 years with the Klamath and Winema National Forests. We have been fortunate to be a member of the Forest Service family since 1971.

If you do not know us, please say hello at our next series of meetings. We are looking forward to serving the Northern California Forest Service retirees group in 2013.
