

SEEKING PUBLIC INPUT ON THE USDA FOREST SERVICE - PACIFIC SOUTHWEST REGION'S 2013 OFF-HIGHWAY GRANT APPLICATION FOR ITS CALIFORNIA ARCHAEOLOGICAL SITE STEWARDSHIP PROGRAM

Posted: February 20, 2013

The USDA Forest Service – Pacific Southwest Region is preparing an application for Off-Highway Vehicle (OHV) Cooperative Funds for the upcoming 2012/2013 grant cycle. We are developing a preliminary application to the Off-Highway Motor Vehicle Recreation (OHMVR) Division to support the California Archaeological Site Stewardship Program (CASSP) in California, a program sponsored by the Society for California Archaeology (SCA). The grant would support CASSP workshops hosted by several Forest Service and Bureau of Land Management offices in California, and program coordination for CASSP trained volunteer archaeological site stewardship activities on public lands.

We are seeking public comments on our grant application. Grant applications will be posted on the OHMVR website by March 5, 2013. To review this and other grant applications, go to <http://www.ohv.parks.ca.gov>.

The public review and comment period for the 2012/2013 Grants and Cooperative Agreement Program begins March 5, 2013 and ends April 1, 2013. This period provides an opportunity for the public to review the preliminary applications submitted to the OHMVR Division for consideration during the current grant cycle. The public may provide comments to both the applicant and the OHMVR Division by emailing Greg Greenway at ggreenway@fs.fed.us and copying the OHMVR Division at OHVinfo@parks.ca.gov. You may also send written comments, suggestions, or letters of support for the application to Greg Greenway, USDA Forest Service, Pacific Southwest Region, 1323 Club Drive, Vallejo, CA 94592.
