Engineer		CLOSED	BY SNOW AND ICE
<i>Following is just info</i>			
*Soft Road Bed closures		CLOSED	CLOSED TO ALL VEHICLES OVER 50 INCHES WIDE 1/1 to 5/15 or as conditions allow (call District for update)
^Seasonal closures for winter range		CLOSED	CLOSED TO ALL MOTORIZED between 12/1-4/15

The seasonal restrictions for soft bed road protection are in effect until 5/15 or when road conditions warrant opening the gates for travel. This seasonal restriction allows motorized travel by vehicles 50" or less in width and are open from 5/16-12/31, closed 1/1 to 5/15 or when road conditions allow full sized vehicle travel without road surface damage between gates on that road.

The seasonal restrictions for wildlife winter range are in effect from 12/1 until 4/16. This seasonal restriction doesn't allow motorized travel within the closure area during the closure period to protect wildlife winter range.
