### **Smoke Impacts from Doce Fire on Prescott National Forest**

WILLIAMS, AZ – A fire has been confirmed on the Prescott National Forest approximately 8 miles northwest of Prescott, AZ. The fire is currently reported to be about 600 acres in size and is active to the northeast. Multiple resources have responded including air tankers, helicopters, type-1 crews, and type-2 initial attack crews.

Smoky conditions may persist in and around Williams and surrounding communities. Kaibab National Forest fire lookouts report smoke traveling from the southwest to the northeast at this time. The forecast shows south southwest wind 10 to 15 mph becoming light south in the evening. Winds could gust as high as 29 mph. All public is asked to use caution when visiting the National Forest especially when driving visibility is limited.

**Date/Time Reported:** Tuesday June 18

**Location:** Prescott National Forest- 8 miles northwest of Prescott, AZ

**Cause:** Under Investigation

**Size:** 600 Acres

**Landscape/Fuels:** Chaparral
