Date: June 26, 2013

Lava Lake Land and Livestock LLC

From discussions between you, Claudio, and my range staff, Bill Whitaker, it has come to my attention that you are requesting an earlier turn- out of eight days on the Cove Creek allotment than previously planned and described in the 2013 Annual Operating Instructions (AOI) due to the dry spring and winter conditions we experienced. We agree that due to the overall dry conditions this spring that an earlier turn-out is warranted.

This letter will serve as a modification of your 2013 AOI concerning the Cove Creek allotment. This modification changes the July 7 entry date previously planned to the June 29 entry date you requested for the band on the Cove Creek allotment. A supplemental bill for collections will be prepared and mailed to you for an eight day longer season by the band than previously planned.

Please be aware that all other pertinent instructions, routing, precautions, standards and guidelines continue to apply that are contained in the previous 2013 AOI.

Sincerely,

/S/ KURT J. NELSON
