

The Shawnee Quarterly

The Shawnee National Forest NEPA Newsletter with the Schedule of Proposed Actions

July, 2013

“The Shawnee Quarterly” is the Shawnee National Forest’s National Environmental Policy Act (NEPA) newsletter. The Quarterly is published four times a year: January, April, July, and October. It provides planning information on the management and use of the Forest and includes a copy of the Forest’s Schedule of Proposed Actions.

The Schedule of Proposed Actions lists actions proposed or in progress that require consideration under NEPA prior to implementation. The purpose of the Schedule of Proposed Actions is to provide early, informal notice of proposed projects so that you can be aware of Forest activities, indicate your interest in specific projects, and be involved early in the environmental analysis and documentation process. The schedule also provides information associated with the status of environmental analysis or planning of ongoing projects.

New projects are listed with the ***NEW LISTING*** identifier in the title box on the Schedule of Proposed Actions. You can become part of the decision-making process by commenting on all projects that interest you. Projects are sorted in tables by nation-wide projects, the Supervisor’s Office (for Forest-wide projects), or by the Ranger District where the action is proposed. The name of a contact is provided with each project and comments or questions should be directed to this contact person.

Management Note: A recent court ruling (Sequoia Forest- keeper v. Tidwell) requires that actions that can be categorically excluded using categories found at 36 C.F.R. 220.6(e) be subject to public notice, comment, and opportunity for administrative appeal. Therefore, each decision that requires a decision memo will now be noticed in The Southern Illinoisan for public scoping and comments. An additional legal notice will be published upon making a decision and will include the appeal process for the decision.

SCOPING FOR PROJECTS EXPECTED TO BE CATEGORICALLY EXCLUDED:

Projects listed in the Schedule of Proposed Actions followed by “CE” are expected to be categorically excluded from extensive analysis under NEPA. In an effort to conserve resources by avoiding duplicative mass-mailings, and commensurate with their expected scope and intensity, the Forest announces scoping for these projects in this Quarterly newsletter. Sufficient details of proposals are provided to enable comments on the projects. If you wish to receive further information on any project, please contact the individual listed. With the recent court ruling the quarterly newsletter will not be the sole source of scoping information but we will continue to use the quarterly newsletter as a tool to increase project awareness.

New projects listed in this month’s Schedule of Proposed Actions that are expected to be categorically excluded include:

City of Vienna Bike Path - Special Use Permit -

The City of Vienna proposes to construct a trail from the high school across the Hidden Springs Ranger Station to the Tunnel Hill Trail. The path would be an 8-foot wide cement path. There will be no removal of trees on Forest land. This project shows as completed because the decision memo has been signed. Project contact: Bob Monroe, 618-658-2111, robertmonroe@fs.fed.us

Ameren: Natural Gas Odorization Station.

Ameren seeks to amend their existing permit to allow for an expansion of an odorizer building on a natural gas line (8 feet wide by 8 feet long and installation of a 2 inch above-ground pipe for natural gas regulation). Project contact: Bob Monroe, 618-658-2111, robertmonroe@fs.fed.us

Management Note: Many of our routine projects, such as trail maintenance and recreation site maintenance do not require a decision memo and do not require that the Forest maintain a NEPA file. These types of projects will continue and some new projects could be announced in this Quarterly Newsletter but will no longer appear in the Schedule of Proposed Actions.

No routine projects to scope at this time.

Management Note:

If you would like to receive these notices by email, please send your email address with "DECISION LIST" on the subject line to:

COMMENTS-EASTERN-SHAWNEE@FS.FED.US

PRIVACY OF YOUR COMMENTS

Comments received in response to solicitation as part of the NEPA process, including names and addresses of those who comment, will be considered part of the public record of a proposed action and will be available for public inspection. Pursuant to 7 CFR 1.27(d), any person may request the agency to withhold a submission from the public record by showing how the Freedom of Information Act permits such confidentiality.

How you can become involved: Read through the list of proposed projects. To comment on a project or be placed on the project mailing list, call or write the contact person. You may also comment during the scoping or comment periods on environmental assessments (EA) or environmental impact statements (EIS). Thank you for reviewing this list of projects and planned or recent decisions. We appreciate your interest in the management of the Shawnee National Forest.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all of its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex (including gender identity and expression), marital status, familial status, parental status, religion, sexual orientation, political beliefs, genetic information, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).
