Dear Friends and Neighbors of the Highland Scenic Highway,

We are nearing the final phase of the planning process for the Highland Scenic Highway Corridor Management Plan. We recently finished a draft of the Highland Scenic Highway Corridor Management Plan Appendix C: Interpretive Plan. This document provides site specific recommendations for existing and new interpretation, and a comprehensive theme that will tie together future interpretive development associated with the Highland Scenic Highway. These recommendations came out of both community and Forest Service meetings. Because of your past involvement in this project, we invite you to review the Highland Scenic Highway Corridor Management Plan Appendix C: Interpretive Plan.

If you are interested in viewing the Highland Scenic Highway Corridor Management Plan Appendix C: Interpretive Plan, the document is available via the following methods:
