MT. ELMER FIRE

Logan, Utah, August 10, 2013 – The lightning caused Mt. Elmer fire was reported on Friday, August 9th. As of 9:00 pm, August 10th the fire is still approximately 6 acres and is located in the Mt. Naomi Wilderness and is smoldering with some torching in aspen and brush 1 ½ southeast of Mt. Elmer. This fire is being monitored, but is not currently staffed as firefighting resources are committed to higher priority fires elsewhere. For additional information contact the Logan Ranger District at 435-755-3620.
