Dear Prospective Offeror:

This is to notify you of a correction we have made to the Bam Stewardship Project Pre-advertisement.

It has come to my attention that the Project Description for Project 001, contained in the Documented titled Specifications Pursuant to K-G.9# - Stewardship Projects, specifies when the work shall occur. I have amended this document so that it does not specify when this work shall occur allowing each Prospective Bidder to specify this in their Technical Proposal. The amended document is attached with this letter and is available on our website at:

<http://www.fs.usda.gov/fremont-winema/>.

If you have any questions you may contact me at 541-947-6249.

Sincerely,

Judd Lehman
Contracting Officer
