

# Outreach Notice

## Uinta-Wasatch-Cache National Forest

**Fish and Wildlife Program Manager wanted!** High-energy, innovative, likes fast-paced and challenging work environments, enjoys working with diverse communities!

Located in northern Utah and southwestern Wyoming, the Uinta-Wasatch-Cache (UWC) National Forest encompasses 2.3 million acres of spectacular scenery, unlimited recreation opportunities, nine wilderness areas, seven ranger districts, and borders both rural and urban communities. ***We are seeking to fill a GS-482-12 or 486-12 Fish and Wildlife Program Manager here on the UWC.***

There are many reasons to select the Uinta-Wasatch-Cache National Forest as your employer of choice! There are opportunities to satisfy your hunger for recreation activities including skiing, snowboarding, snowmobiling, hiking, mountain biking, camping, picnicking, fishing, hunting, boating, swimming, and horseback riding.

Enjoy cultural events? The majority of the Forest is within close driving distance to theater, arts, cinema, and year-round festivals. You can work in the backcountry during the day and enjoy fine dining in the evening! The Supervisor's Office is located in South Jordan, approximately 15 miles from downtown Salt Lake but with a fantastic view of the mountains we manage (see photo above).

Passionate about working with communities and partners? The Forest is known nationally for its strong community involvement, innovative partnerships, and volunteer program.

Like fast-paced work environments and daily challenges? The Forest has many resource challenges including a large recreation program, grazing, forest health, oil and gas development, and travel management. The Forest is a popular destination for 9 million visitors each year.

Want to work with highly motivated, energetic, dedicated, and diverse employees? The Uinta-Wasatch-Cache National Forest has a place for you!

***Our Fish and Wildlife Program Manager position is currently vacant*** and we are looking for interested individuals. The Forest is located within one hour's drive of approximately two million people and is the closest Forest Service office to the Utah State Capitol and the headquarters of many state and federal agencies and organizations important to the Forest Service. This position takes a

lead role in coordinating fish and wildlife activities on the UWC. This includes working closely with forest leadership team to protect Endangered, Threatened and Forest Service species. The successful applicant provides technical oversight to four wildlife biologists and two fish biologists. They work closely with partners in two states and a multitude of federal and state agencies. Species of major interest on the forest include greater sage grouse, bighorn sheep, mountain goat, wolverine, boreal toad, Columbia spotted frog, northern and southern leatherside, and Bonneville and Colorado River cutthroat trout. There are over 800 lakes on the forest and wildlife habitat ranges from desert to alpine. We are looking for an individual to work with local staff and local and national partners in assisting the Forest efforts to enhancing fish and wildlife habitats and populations.

The Uinta-Wasatch-Cache National Forest is one of the most visited Forests in the nation and the management of balancing demand of the proximity of hundreds of thousands of outdoor enthusiasts is a constant theme. We are looking for someone who can seek creative and efficient ways to implement our fish and wildlife programs on the forest in both Utah and Wyoming.

The Fish and Wildlife Program Manager is a full member of the Natural Resources and Planning staff group. The position has no supervisory responsibilities but provides technical support to district biologists. We are looking for someone with comprehensive fish and wildlife knowledge who is energetic, creative, and flourishes in a team environment. If you think that the UWC is the place for you and you want to join our team, please fill out the attached outreach form and return it to [pcowley@fs.fed.us](mailto:pcowley@fs.fed.us) by September 9, 2013. We will send the Vacancy Announcement Number to anyone responding to this outreach.

① If you would like more information about the position, please contact Paul Cowley, Supervisory Natural Resource and Planning Staff Officer at (801) 999-2177 (office) or 801-440-8098 (cell) or [pcowley@fs.fed.us](mailto:pcowley@fs.fed.us)
