Bidders that have already submitted a bid for this sale may request that their bids be returned to them, unopened, at any time prior to the new date and time for bid opening.

I apologize for any inconvenience that this may have caused. If you have any further questions, please don't hesitate to call the District Timber Management Assistant Andy Meyers at 715-762-5106.

If an appeal or lawsuit is filed challenging the decision to award this contract or upon determination by the Regional Forester that conditions existing on this timber sale are the same as, or nearly the same as, conditions existing on other timber sale(s) in appeal or litigation, Contracting Officer may delay award or reject all bids. If delay in award is for 30 days or more during Normal Operating

Season after bid opening, Contracting Officer shall, upon award, adjust the contract term to include additional calendar days in one or more Normal Operating Seasons equal to the time award is delayed during Normal Operating Season.

After receipt of the downpayment and a satisfactory performance bond and upon execution of the timber sale contract, the Forest Service will return the bid guarantee. A cash bid guarantee may be applied to the downpayment at the request of the purchaser. The purchaser cannot apply the amount deposited as a downpayment to cover other obligations due on the sale until conditions stated in the contract for release of downpayment have been met. Refer to the sample contract for the specific conditions.

By the midpoint between award date and the termination date, the purchaser shall have paid for, or in lieu thereof, deposited cash in the greater amount of: (1) 50 percent of the total estimated bid premium, or (2) 35 percent of the total estimated sale value at bid date, exclusive of required deposits, rounded up to the next \$100.

Any change in the purchaser's actual haul route may necessitate a change in the roads to be maintained and/or in the amount of required deposit for road maintenance. Required deposits for road maintenance are listed in Section 4 and in the sample contract. Maintenance specifications are in the sample contract.

**10. INAPPLICABLE STANDARD PROVISIONS.** See sample contract.

**14. EQUAL EMPLOYMENT OPPORTUNITY COMPLIANCE REVIEW.** If the total bid value plus required deposits for this contract exceeds \$10 million, before award, the Forest Service shall request an equal employment opportunity compliance review of the

**15. AWARD.** The Contracting Officer is required to make a determination of bidder responsibility as stated in Title 36, Section 223.101, of the Code of Federal Regulations.

To determine a purchaser to be responsible, a Contracting Officer must find that:

- b. The purchaser is able to perform the contract within the contract term taking into consideration all existing contracts and Governmental business commitments;
- c. The purchaser has a satisfactory performance record on timber sale contracts. A prospective purchaser that is or recently has been seriously deficient in contract performance shall be presumed not to be responsible, unless the Contracting Officer determines that the circumstances were beyond the purchaser's control and were not created through improper actions by the purchaser or affiliate, or that the purchaser has taken appropriate corrective action. Past failure to apply sufficient tenacity and perseverance to perform acceptably under a contract is strong evidence that a purchaser is not a responsible contractor. The Contracting Officer shall consider the number of contracts involved and extent of deficiency of each in making this evaluation;
- d. The purchaser has a satisfactory record of integrity and business ethics;
- e. The purchaser has or is able to obtain equipment and supplies suitable for logging the timber and for meeting the resource protection provisions of the contract;
- f. The purchaser is otherwise qualified and eligible to receive an award under applicable laws and regulations.

The Act states "whoever, in any matter within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals or covers up by any trick, scheme, or device a material fact, or makes any false, fictitious or fraudulent statements or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious or fraudulent statement or entry, shall be fined under this title or imprisoned not more than 5 years, or both."

**17. DAMAGES.** This contract shall be terminated for breach pursuant to paragraph 16, 19, and/or 21 of the bid form and the terms of the sample contract if: 1) bidder fails to execute a timber sale contract, furnish a downpayment, or furnish a satisfactory performance bond within 30 days of the award letter's date; or 2) bidder is found to have violated the False Statements Act in making any statement or certification on the bid form including not meeting purchaser responsibility requirements, and bidder has made a false statement. The bid guarantee shall be retained, in whole or in part, by the Forest Service to satisfy any damages that may be assessed.

**18. SUSPENSION AND DEBARMENT CERTIFICATION.** Non-procurement debarments and suspensions are governed by the Government-wide common rules (7 CFR 3017).

These rules require each timber sale purchaser, to submit a certification for itself, its principals, and its affiliates when bidding on sales. The bidder must designate its status regarding debarment, suspension, and other matters as specified on the bid form. The bidder, by signing the bid form, certifies this status. An explanation for not submitting a certification may be submitted. The Contracting Officer will determine whether the explanation provides sufficient reason for permitting participation in the bidding. Also, as a timber sale purchaser enters into transactions with subcontractors, these subcontractors must certify their eligibility. The certification titled "Subcontractor Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion" must be provided to subcontractors, but completed certifications are not required to be submitted with bid forms. Purchaser must keep these subcontractor certification forms on file for review by the Forest Service, if requested.

## **20. GENERAL.**

### **AT2 VOLUME ESTIMATION AND UTILIZATION STANDARDS**

Volume estimates were made from timber cruising that occurred between January of 2012 and June of 2013. Hardwood Sawtimber volume estimates are the result of two slightly different cruising specifications for Hardwood Sawtimber: Eight foot sections cruised as Hardwood Sawtimber products with a small end DIB (Diameter Inside Bark) between 9.6" and 11.5" had a net scale in percent of gross scale of at least 95% (i.e. were considered to be at least 95% sound). Eight foot sections cruised as Hardwood Sawtimber products with a small end DIB over 11.5" had a net scale in percent of gross scale of at least 50%. Estimated sawtimber volumes can be converted to estimated MBF volumes by multiplying by 0.54; estimated pulpwood volumes can be converted to estimated MBF volumes by multiplying by 0.633.

### **AT6 HIGH STUMPS**

Maximum Stump Heights shall be no more the 12 inches, measured from the high side of the stump.

### **AT17 MARKET RELATED CONTRACT TERM ADDITION PRODUCER PRICE INDEX**

The Producer Price Index is the Wood Chips Index. This index was established to reflect expected marketing of a majority of the products on this sale. Purchaser may request, prior to contract execution, the use of a different available index (Softwood Lumber Index or Hardwood Lumber Index) through a written request justifying why the change is being requested. This request will be forwarded to, and considered by, the Forest Supervisor for approval. If agreed upon, the change will become part of the executed contract. The index may not be changed once the contract has been executed.

### **BT6.81 PRODUCT IDENTIFICATION**

This provision is not applicable to this contract and will be waived in writing by the Contracting Officer at the time of award.

### **CT2.11# TIMBER SUBJECT TO AGREEMENT**

In addition, there is within Sale Area an un-estimated quantity of non-merchantable material that shall become Included Timber upon written agreement. See CT6.314# below for a further description of this material.

### **CT2.352# DESIGNATION BY SPECIES AND DIAMETER**

See attached table.

### **CT2.355# INDIVIDUAL TREES, CUT TREE MARKING**

See attached table.

### **CT5.103# APPROACHES TO SURFACED ROADS**

Purchaser shall apply and maintain 6 inches of pit run gravel on all Temporary Road approaches to surfaced roads for a distance of 100 feet back from the surfaced road. Surfaced roads include those with any crushed rock or pavement surface. This requirement may be waived by the Forest Service if the Temporary Road is used only during frozen ground conditions.

### **CT5.31# ROAD MAINTENANCE REQUIREMENTS**

See attached table.

### **CT5.33# SNOW REMOVAL**

During winter operations on all gravel and native surface roads, a minimum two inch depth of compacted snow mat will be maintained on the roadbed during blading.

### **CT6.313# CTTING SCHEDULE**

Unless changed by written agreement, only 4 Payment Units may be released at one time.

### **CT6.314# OPERATING REQUIREMENTS**

Purchaser's use of paint within Sale Area must be requested in writing and approved by the Contracting Officer.

Purchaser's operations that result in high levels of ground disturbance may require revegetation efforts on behalf of the Purchaser to establish acceptable erosion control. Location and timing of revegetation will be directed by the Forest Service to establish an acceptable grass or legume cover. Grass or legume seed, as well as any lime or fertilizer used, will need to be approved by the Forest Service in advance of application.

Purchaser's operations in all Payment Units are restricted to dry or frozen ground conditions. Evidence of rutting, compaction, or erosion will be determining factors for not permitting or halting operations. Operations occurring during non-frozen conditions will require that no equipment be operated within 15 feet of any woodland pond or wetland.

Safety signs must be installed prior to the start of operations at locations approved by the Forest Service.

Hauling of timber on Forest Service roads, including temporary roads, during times when load restrictions are in place for local county roads, requires Forest Service approval.

All material not meeting minimum specification, as stated in AT2, shall be left on site. In all units, if harvesting of material not meeting the minimum specifications in AT2 is requested by Purchaser and approved by Forest Service, a minimum of 1 tree top for every 10 trees harvested will be left on site, and left in an evenly-distributed manner across the unit.

Forest Trails, if used for hauling, will be considered Temporary Roads. Use of Forest Trails for hauling may require pre-haul, during-haul, and/or post-haul maintenance, including removal and replacement of closure devices. Maintenance will be agreed upon with the Forest Service prior to use of Forest Trails for hauling. Hauling along any portion of Forest Trails during snow season requires a minimum of 2 inches of compacted snow or 4 inches of loose snow. Snowplowing of any portion of Forest Trails requires adequate room for both log trucks and snowmobiles to safely travel side by side. Prior to any operations along or immediately adjacent to Forest Trails, Purchaser is required to install and maintain caution signs along trail as agreed upon with the Forest Service, as well as post speed limit signs that clearly state a speed limit of 10 miles per hour. Hauling along Forest Trails is not allowed during weekends, as defined from 5:00 PM on Fridays through 12:00 AM on Mondays. Hauling is also not allowed between December 20 and January 05 of any given year.

#### CT6.41# TREATMENT OF STUMPS

Purchaser will treat the stumps of all live conifer trees in Payment Unit 03 for purposes of protecting the stand against annosum infection.

#### CT6.42# SKIDDING AND YARDING REQUIREMENTS

The following are applicable across the entire Sale Area:

Protect existing downed logs greater than 10 inches in diameter during felling and skidding operations, when possible.

Skid trails and decking locations should avoid areas known to be infested with non-native invasive plant species. Skid trails that access open system roads shall be rendered inaccessible to vehicle traffic. This may require scattering of slash and stumps and/or placement of berms.

Skidding on Forest Trails is only allowed at crossing locations designated by Forest Service. Decking is not allowed on or adjacent to Forest Trails. Decking must be placed off snowmobile and ATV trail far enough so that logs and logging vehicles will not be within the cleared right-of-way.

Landings will not be located within 100 feet of Highway 182.

#### CT6.63# TEMPORARY ROAD CLOSURE

All Temporary Roads will be rendered inaccessible to all motorized traffic, including all-terrain vehicles. Effectively preventing motorized use may require a ditch, berm, and/or piling of slash/stumps within roadway for up to 100 feet. An appraisal adjustment has been made for this work.

#### CT6.7# SLASH DISPOSAL MEASURES

All slash resulting from Purchaser's operations shall not lie outside of Payment Unit boundaries.

#### SDZ(1)

Slash resulting from Purchaser's operations that lies within 10 feet from Non-USFS lands, shall be removed and scattered within Payment Unit boundaries.

SDZ(2)

Slash resulting from Purchaser's operations that lies within 10 feet from the cleared right-of-way (i.e. tree line) of Highway 182 shall be removed and scattered within Payment Unit boundaries. For an additional 90 feet, all slash resulting from Purchaser's operations shall lie no more than 2 feet above the ground.

SDZ(3)

**1. BIDDER'S QUALIFICATIONS:** Before a bid is considered for award, the Bidder may be required to submit a statement regarding the Bidder's previous experience in performing comparable work, business affiliates and technical organizations, financial resources, intended product processing facilities and its timber exporting history.

**2. PREPARATION OF SEALED BIDS:** Bids shall be manually signed, bid prices entered into each block of the Bid Column (Block 14g) for all material subject to bidding and all fill-in blanks completed. If erasures or other changes appear on the forms, the person signing the bid must initial each erasure or change.

**3. SUBMISSION OF SEALED BIDS:** Sealed bids, with the accompanying bid guarantee, must be submitted to the Sale Officer, designated by the advertisement as the receiving officer, at or prior to the time established by the advertisement. Such bids must be enclosed in a sealed envelope addressed to the designated receiving officer. The envelope should show on the outside (a) that it is a "Bid for Timber," and (b) the sale name or number, and the date and time of opening bids as shown by the advertisement. Bids received after the time specified in the sale advertisement are late bids, Forest Service Handbook 2409.18, Chapter 60 will govern acceptance of such bids.

**4. PUBLIC OPENING OF SEALED BIDS:** Sealed bids will be publicly opened and posted at the time and place set for opening in the advertisement.

**5. ORAL AUCTION BIDDING:** Not applicable.

**6. BID GUARANTEE:** A bid guarantee in the form of a bid bond on form FS-6500-13 (4/82 or later version), certification of annual bid bond allocation on form FS-6500-13a (4/82 or later version), an irrevocable letter of credit, the format of which has been pre-approved by the Forest Service Regional Forester, a certified check, official bank check, bank draft, cashier's check, bank or postal money order payable to the Forest Service, USDA, or cash, in an amount no less than that specified in item 15(a), must accompany each sealed bid. Failure to submit an acceptable bid guarantee with the sealed bid will require rejection of the bid as non-responsive unless there is no other acceptable bid, or unless the Forest Service, in its sole discretion, decides to briefly delay a sale advertised for sealed bids followed by oral bids in order to allow any Bidder to cure any deficiency in its bid guarantee prior to oral bidding. Bid bonds must be accompanied by a power of attorney indicating that the person signing the bond for the surety has the power to do so. The Bidder acknowledges that bid guarantee shall be retained, in whole or in part, by the Forest Service to satisfy any damages that may be assessed if the bid is accepted and Bidder subsequently fails to furnish a cash downpayment or return the executed contract and performance bond as required (See instruction 9.); and that the bid guarantee may be retained, in whole or in part, if the bid is accepted and Bidder has failed to abide by the terms of the bid or sample contract violating the False Statements Act including not meeting the requirements in 36 CFR 223.101, determination of purchaser responsibility, and Bidder has made a false statement (block 16). Otherwise, the bid guarantee shall be returned to each Bidder whose bid is not accepted.

**7. AWARD OF CONTRACT:** Award of the contract will be made to that responsible Bidder whose bid, conforming to the invitation for bids, is most advantageous to the United States on the basis of total value. The Government may, when in its interest, reject any or all bids or waive any informality in bids received. A written award mailed (or otherwise furnished) to the successful Bidder shall be deemed to result in a binding contract without further action by either party. If timber is advertised as set-aside for competitive bidding by small businesses, award will be made to the highest Bidder qualified as a small business and who has not been determined by the SBA to be ineligible for preferential award of set-aside sales. If there are no qualified small business Bidders, Forest Service will advertise this sale without restrictions on bidder size. All small businesses qualified, as a small business by the SBA, shall be required to follow the small business set-aside provisions of the sample contract.

If an appeal or lawsuit is filed challenging the decision to award this contract or upon determination by the Regional Forester that conditions existing on this timber sale are the same as, or nearly the same as, conditions existing on other timber sale(s) in appeal or litigation, Contracting Officer may delay award or reject all bids. If delay in award is for 10 days or more during Normal Operating Season after bid opening, Contracting Officer shall, upon award, adjust the contract term to include additional calendar days in one or more Normal Operating Seasons equal to the actual time lost.

**8. DOWN PAYMENT:** The Bidder to whom award is made must make a downpayment at the time the

Bidder signs the contract and returns the contract to the Forest Service. The amount of the downpayment will be calculated as shown in block 20 of this bid for advertised timber. Only cash may be used to meet this requirement. Cash deposited must be in the form of bank draft, certified, official bank, or cashier's check, bank or postal money order, or company check. After receipt of downpayment and executed contract with required performance bond, the bid guarantee will be returned to the successful Bidder.

Bidder's failure to make the downpayment in conformance with the terms, conditions, and requirements contained in Contracting Officer's letter of award shall constitute repudiation of bid pursuant to instruction 9. Bidder shall have 3 days from the required date of execution to make the downpayment at the location designated by Forest Service. Bidder shall pay interest on the unpaid downpayment for the period within the 3 days in which the downpayment is late. The rate of interest is stated in block 19 of this bid for advertised timber. In the event Bidder fails to make payment within the 3 days, Bidder's bid guarantee shall be retained by Forest Service and applied toward damages. If the amount of the bid guarantee exceeds the amount of damages, the balance will be refunded to Bidder.

**9. DAMAGES:** Bidder acknowledges that this contract shall be terminated for breach pursuant to blocks 16, 16a, 16b, 19, 21, 24, 25, 26, 27, and/or 28 of this bid form if: (a) the Bidder fails to execute a timber sale contract, furnish a downpayment within 3 days of the required date of execution, or furnish a satisfactory performance bond, within the number of days listed in block 19, or any written extension thereof by Forest Service; or (b) the Bidder is found to have violated the False Statements Act in making any statement or certification on this bid form, including not meeting purchaser responsibility requirements. The Bidder acknowledges that the Bidder shall not be entitled to cure this breach and that it will pay damages pursuant to the following terms:

Damages due the United States shall be determined in the following manner: (a) The costs, as described in this instruction, incurred by Forest Service in contacting the other qualified bidders regarding accepting the award of the contract at the high Bidder's repudiated rate or (b) If another qualified bidder does not accept award of the contract at the high Bidder's repudiated rate:

- (i) If the repudiated contract is reoffered within 6 months of the date of repudiation, damages shall be the difference between the total resale bid value and the total value of Bidder's repudiated bid, plus costs described in this instruction or
- (ii) If there are no responsive bids on the reoffered contract, damages shall be the difference between the reoffered appraised value and the total value of Bidder's repudiated bid, plus costs described in this instruction or
- (iii) If the repudiated contract will not be reoffered or the reoffer is not made within 6 months of Bidder's repudiation, damages shall be the difference between the appraised value of this contract as of the date of Bidder's repudiation and the total value of Bidder's repudiated bid, plus the costs described in this instruction.

The costs to be included in damages are the costs the Government incurs in making the reoffer, including, but not limited to, salary costs, document preparation and duplication costs, mailing costs, and timber sale advertisement costs.

Damages will also include interest measured by interest at the Current Value of Funds Rate established by the Secretary of the Treasury, on the difference between Bidder's retained bid guarantee and the downpayment amount and other deposits required at award. Interest will be calculated from the date of Bidder's repudiation to the date of award of the reoffered contract or to the date a determination is made not to reoffer the repudiated contract or for 6 months, whichever comes first.

Bidder and Forest Service agree that Bidder's bid guarantee shall be retained by Forest Service and applied toward damages due the United States for Bidder's failure to execute this contract.

**10. PRIVACY ACT:** All personal information is requested on a voluntary basis; however, if you do not provide this personal information, your bid will not be accepted and the contract will not be awarded to you. Solicitation of this information is necessary for the government to conduct its sale program and thus is authorized under the National Forest Management Act of 1976, (16 USC 472a). The principal purpose for collecting this information is to allow for proper award of a timber sale contract and to provide for administration of that contract after award. Other routine uses of this data include: (1) compilation of Small Business data to determine needs for set-aside sales, (2) determination of volume purchased in any specific time period by a single purchaser, and (3) determination of volume under contract by a purchaser.

**11. ROAD COMPLETION DATE:** Not applicable.

**12. ELECTION OF ROAD OPTION AND CERTIFICATE OF SMALL BUSINESS STATUS:** Not applicable.

**13. ELECTION OF ROAD OPTION:** Not applicable.

**14. DEFINITIONS:**

*Bidder:* A Bidder is any individual, organization, or other legal entity that submits a bid for, or may be expected to submit a bid for, a National Forest timber sale.

*Covered Transactions:* A primary or lower tier covered transaction. A primary covered transaction is any nonprocurement transaction between an agency and a person. A lower tier covered transaction is any transaction between a participant and a person other than a procurement contract unless the procurement contract is greater than \$25,000.

*Participant:* Any person who submits a proposal for, enters into, or reasonably may be expected to enter into a covered transaction. This term also indicates any person who acts on behalf of or is authorized to commit a participant in a covered transaction as an agent or representative of another participant.

*Small Business:* In sales of National Forest timber a Small Business is a concern that: (1) is primarily engaged in the logging and forest products industry; (2) is independently owned and operated; (3) is not dominant in its field of operation; and (4) together with its affiliates does not employ more than 500 persons.

**15. CERTIFICATION OF COMPLIANCE WITH EXPORT RESTRICTIONS:** Certain restrictions on the purchase and export of unprocessed logs cut from National Forest timber apply in various parts of the country. Pursuant to the Forest Resources Conservation and Shortage Relief Act of 1990, as amended (16 USC 620, *et seq.*), the Bidder acknowledges that the Bidder is aware of the applicable export restrictions. The Bidder is aware that these restrictions affect the disposition of the included timber and is aware that the restrictions may reduce the potential value of the timber.

**16. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, PROPOSED DEBARMENT, AND OTHER RESPONSIBILITY MATTERS-TIMBER SALE TRANSACTIONS:** The inability of a person to provide the certifications in block 16 will not necessarily result in denial of participation in this timber sale (covered transaction). The Bidder shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the Forest Service's determination whether to enter into this timber sale. However, failure of the Bidder to furnish a certification or an explanation shall disqualify such person from participation in this timber sale.

The certification is a material representation of fact upon which reliance was placed when the Forest Service determined to enter into this timber sale. If it is later determined that the Bidder knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Forest Service may terminate this timber sale for cause or default.

The Bidder shall provide immediate written notice to the Forest Service officer, to whom this bid is submitted, if at any time the Bidder learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The terms 'covered transaction,' 'debarred,' 'suspended,' 'ineligible,' 'lower tier covered transaction,' 'participant,' 'person,' 'primary covered transaction,' 'principal,' 'proposal,' and 'voluntarily excluded,' as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the Forest Service for assistance in obtaining a copy of those regulations.

The Bidder agrees by submitting this bid that, should the proposed timber sale transaction be entered into, it shall not knowingly enter into any subcontractor transaction (lower tier covered transaction) with a person who is proposed for debarment under 48 CFR 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this timber sale, unless authorized by the Forest Service's non-procurement Debarment and Suspending Official.

The Bidder further agrees by submitting this bid that it will provide the addendum titled 'Subcontractor Certification

Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion,' without modification, to all subcontractors and in all solicitations for sub-contractors.

**17. SUBCONTRACTOR CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY, AND VOLUNTARY EXCLUSION:** Pursuant to 7 CFR 3017.510 each timber sale purchaser shall require subcontractors to include a certification for it and its principals in any proposal submitted in connection with this timber sale. Purchasers shall keep the certifications on file until the termination date of the contract.

A participant in a timber sale may rely upon a certification of a prospective subcontractor that it is not proposed for debarment under 48 CFR 9.4, debarred, suspended, ineligible, or voluntarily excluded from the timber sale, unless it knows that the certification is erroneous. A timber sale purchaser may decide the method and frequency by which it determines the eligibility of its principals. Each timber sale purchaser may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this provision. The knowledge and information of a timber sale purchaser is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under paragraph 5 of these instructions, if a timber sale purchaser knowingly enters into a subcontractor transaction with a person who is proposed for debarment under 48 CFR 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this timber sale, in addition to other remedies available to the Federal Government, the Forest Service may terminate this timber sale for cause or default and/or pursue suspension and/or debarment. The instructions and certification follow:
