

SOUTHWESTERN REGION CENTRALIZED TEMPORARY HIRING

2016 OUTREACH

The Process and Timeline

See the Outreach Notice listing vacant temporary positions and locations from the GS and WG, 02 through 07 levels.

NOTE: Most vacancies will be only be open for 7 days, please refer to the positions listed below for open/close dates. Specific duty location contacts are identified by each National Forest. Multiple positions may be offered at each duty location and interested applicants should contact duty locations for additional information regarding vacancies.

Application deadline. Apply through [USAJobs](#) prior to the due date; applicants are encouraged to apply for multiple locations if they are interested. A new feature this year allows applicants that apply to either of the GS-0462-04 or GS-0462-05 Fire Suppression announcements will now have the opportunity to prioritize their interest in specific fire functions and duty locations.

Outreach conclusion – Following the closing date of the individual vacancies below, the announcements will be dropped from this outreach and only those that are either actively open or those that will be open in the future will remain. Once the announcements close, all applications will be reviewed and a certificate with qualified applicants will be generated and delivered to the hiring managers listed below. Subject matter experts will generate reference evaluations for use by selecting officials.

Selections - Each forest will make recommendations for hiring. Forest Service representatives will notify selected applicants by email or phone. Applicants not selected will be notified by e-mail. Reporting Dates will be negotiated by the supervisor and selected applicants will be contacted by Human Resource Management with confirmation.
