**Subject:** Tongass National Forest Land and Resource Management Plan Errata: Addition of Finger Mountain FAA Communication Site to Appendix E

**To:** Tongass Leadership Team

A permanent communication site has existed on Finger Mountain, East of Hoonah Sound, on Chichagof Island since October 1, 1982. This site was inadvertently left off the list of communication sites on the Sitka Ranger District identified in the 2008 Tongass Land and Resource Management Plan (Forest Plan), Appendix E.

This is an administrative correction to the 2008 Tongass Land and Resource Management Plan and is documented in an errata dated October 17, 2011 (see attached). The corrected page (E-4) displays the Finger Mountain Communication Site as an approved communication site on the Sitka Ranger District.

The correction made by this errata does not substantively change the information presented and does not affect the decisions in the ROD or the Forest Plan.
