

APPLICANT GUIDE

These appointments are temporary seasonal positions. The vacancy announcements are posted on USAJOBS at www.usajobs.gov/.

To apply for a job, there are four basic steps:

1. **CREATE AN ACCOUNT** - Enter your profile information and create or upload a resume. Please note that you do not need to create a “My Account” to search for jobs, but you must create an account to apply for jobs online. You will need to request a user ID and password. Allow yourself at least two days before the application deadline to complete this process to ensure you have time to get your application submitted.
2. **SEARCH JOBS** – Use basic search to enter in job and location keyword information from the USAJOBS home page. Or you can use the advanced search function which allows you to search by vacancy announcement number or series and grade. Review the job opportunity announcements and note of those of interest. Carefully review the “Qualification and Evaluation” section to determine whether you will qualify for the position. GS-3 positions are entry level positions. As the grades get higher (GS-4, GS-5, etc.), they require more specialized experience or qualifications.
3. **APPLY FOR JOBS** – Carefully follow the instructions in the “How to Apply” section for each announcement. You may store up to five uploaded or “resume builder” created resumes in your profile. Submit any additional documentation to verify your qualifications such as transcripts, SF-50 Notification of Personnel Action (if you have previously worked for the federal government), and/or Veterans’ Form DD-214. *Please see the “Additional Information” below regarding supplemental documentation and resumes.*
4. **MANAGE YOUR CAREER** – Log into your account to obtain application status for positions for which you have applied. Contact the agency for specific follow-up questions or those related to the particular job. The agency contact information is listed on the right hand side of the announcement. You may also contact District personnel regarding the position. However, please note that we do not see your application until the vacancy announcement has closed and we have requested a list of candidates. Only those applicants that are qualified for the position will be referred to the hiring official.

ADDITIONAL INFORMATION

REGARDING APPLICATIONS:

- If you have experience as a firefighter, be sure to attach your IQCS, or IQS, Master Record to both your USAJOBS account and your application. This documentation supports what you are submitting in your application. Failure to attach it may disqualify you from being eligible for higher graded fire positions, specifically at the GS-5 level or higher.
- **If you are basing any of your qualifications on your education, including High School you must attach a diploma and/or valid transcripts.** There is no method to verify education (including coursework completed and GPA) without these.

➤ Special Notes:

- Valid transcripts are those that are issued by the school (official or unofficial). Course listings/grades pulled from your student profile or account are not transcripts.
- Transcripts that have been altered in any way (i.e. written on, edited) are not considered valid.
- Attaching password protected transcripts is not recommended. There is not a remarks section within the application that will allow you to provide the password. If they cannot be accessed, they cannot be verified.
- **If you are claiming Veteran's preference, you must attach your DD-214.**
- It is important to remember that your answers to the minimum qualification – knowledge, skills, and abilities – questions must be supported by the contents of your resume or attached documents.

REGARDING RESUMES:

Your resume is the basis for determining qualifications, so you need to be as complete as possible. There are a number of items that should be included to improve your chances of making the referral list and being selected for a seasonal/temporary position with the Forest Service.

Work Experience:

- Be sure to include specific dates of employment, in **mo/day/yr format** (i.e. 05/15/2012 – 08/24/2012), and hours per week. This helps determine experience level. Note: the resume builder in USAJOBS only allows you to select mo/yr. It is recommended that you upload your own resume or include the specific dates in the remarks section where you explain your work experience for that position.
- Be very specific and detailed when describing your work experience. **Include everything:** duties, responsibilities, equipment and tools used. It is important to remember that the people determining your qualifications are comparing your work experience to the position description of the job you are applying for. This is especially true for higher graded positions (GS-4, GS-5).
- Volunteer Experience also counts. If you have volunteered for any local organizations be sure to include it.

Certifications:

- Include all relevant certifications and training. For instance, if you are a certified pesticide applicator, this would be good to include on a resume for a Weeds/Range position. If you are applying for a fire position and have completed S-190 Introduction to Wildland Fire Behavior, document this on your resume.

References:

- References are checked during the selection process. Be sure to include at least two professional references. Professional references are normally Supervisors, not friends, colleagues, or family members. Make sure that you have current contact information for your references. Preferably email as well as phone numbers.
