

Coronado National Forest

*Help us develop
a sustainable recreation fee program*

Recreation Enhancement Act (REA)

REA authorizes fees at developed recreation sites with certain amenities

There are three fee categories: standard amenity, expanded amenity, and special recreation permit

REA benefits visitors to federal public lands by:

- Reinvesting majority of revenue back to site of collection.
- Providing more opportunities for public involvement in determining recreation fee sites and fees.
- Providing criteria and limits on areas and sites where recreation fees can be charged.
- Providing opportunities for cooperation with partners.

REA expires in December, 2015

Reauthorization/new fee legislation is being drafted for a Congressional vote
