

The map displays a study area with several key features:

- Green Canyon Road**: A thick black line running horizontally across the upper middle of the map.
- Antelope Flat Road**: A thick black line running horizontally across the lower middle of the map.
- Contour Lines**: Thin, wavy lines representing elevation, with labels such as 0761, 0313, 0610, 0314, 0304, and 0317.
- Elevation Markers**: Numbers 1671A and 1671 are placed near the top of the map.
- Shaded Areas**: Several irregularly shaped areas are shaded with a cross-hatch pattern, likely representing specific land use or vegetation types.
- Highway Markers**: A shield-shaped marker with the number 20 is located on the right side of the map, and a circular marker with the number 47 is located in the upper right corner.
- Topography**: The map shows a mix of open land and shaded areas, with contour lines indicating the terrain's slope and elevation.

— Roadside Green Post and Pole Area

--- Trail

== FS Road

▦ State/Private Land

- You may cut post and poles within 300 feet on either side of Forest Service roads 167 (Green Canyon), 168 (North Antelope Flat), and 120 (Bishop Mountain)
- Please REMOVE branches and other parts of the trees from the ROAD, DITCHES and CUTBANKS
