

TABLE OF CONTENTS

Revised Forest Plan

	Page
CHAPTER 1	
Forest Plan Introduction	1-1
Forest General Description	1-1
Purpose of the Forest Plan	1-1
Six Decisions Made in a Forest Plan	1-2
Forest Service 2002 Strategic Plan	1-2
Ecosystem Management Framework and the Forest Plan Model.....	1-3
How Does Ecosystem Management Differ from Management in the Past?	1-4
Steps Required to Implement Ecosystem Management.....	1-4
Why do we need an Ecosystem Management Framework for the Revised Plan?	1-6
How to Use This Plan	1-8
CHAPTER 2	
Summary of the Analysis of the Management Situation	2-1
Introduction.....	2-1
Revision Topics	2-2
Topic 1 – Watershed Health	2-2
Topic 2 – Biodiversity and Viability	2-5
Topic 3 – Road Management/Trail/Access Management.....	2-10
Topic 4 – Recreation Niche	2-12
Topic 5 – Special Designations.....	2-15
Topic 6 – Roadless Areas/Wilderness Recommendations.....	2-17
Topic 7 – Suitable Timberlands.....	2-19
Topic 8 – Rangeland Capability and Suitability	2-21
Topic 9 – Oil and Gas Leasing	2-23
Topic 10 – Fire Management.....	2-24
Strengthening Current Management Direction.....	2-26
CHAPTER 3	
Response to Issues.....	3-1
Issue Identification and Forest Plan Response.....	3-1
Significant Issues	3-1
Issue 1 – Recreation Use Conflicts/Access Management.....	3-1
Issue 2 – Roadless Areas Management.....	3-2
Issue 3 – Biodiversity and Species Viability	3-3
Issue 4 – Concerns About Continued Economic Contributions and Personal/Social Benefits of the Forest	3-4
Issue 5 – Environmental, Social, and Economic Impacts of Uses.....	3-5
Issue 6 – Appropriate Types and Amounts of Facility Development for Wildland Settings in the Forest	3-6

CHAPTER 4

Forest Management Direction	4-1
Introduction.....	4-1
How To Use This Chapter	4-1
A. Forestwide Management Direction	
1. Forestwide Desired Future Conditions	4-5
Air Quality and Smoke Management	4-5
Soil, Water, Riparian, and Aquatic Resources.....	4-5
Wildlife Resources.....	4-6
Vegetation.....	4-7
Botanical Resources.....	4-9
Non-Native Plants.....	4-10
Fire Management	4-10
Mineral Resources	4-10
Lands and Special Uses	4-10
Facilities and Roads	4-11
Recreation Resources.....	4-11
Scenic Environment.....	4-11
Heritage Program.....	4-12
Tribal Rights and Interests.....	4-12
Designated Wilderness.....	4-12
Recommended Wilderness.....	4-13
Roadless Area Values	4-14
Eligible Wild and Scenic Rivers.....	4-15
Social and Economic.....	4-15
2. Forestwide Goals and Subgoals.....	4-17
Goal 1 – Air Resource.....	4-17
Goal 2 – Watershed Health.....	4-17
Goal 3 – Biodiversity and Viability.....	4-18
Goal 4 – Fire and Fuels Management.....	4-21
Goal 5 – Road/Trail and Access Management	4-21
Goal 6 – Recreation	4-22
Goal 7 – Education.....	4-23
Goal 8 – Enforcement.....	4-23
Goal 9 – Heritage Resources.....	4-23
Goal 10 – Social/Economic Contributions	4-23
Goal 11 – Land Ownership.....	4-24
Goal 12 – Non-Recreation Authorizations (Special Uses)	4-24
Goal 13 – Designated Wilderness.....	4-25
3. Forestwide Objectives.....	4-27
Objectives for Education and Enforcement	4-27
Objectives for OHV and Non-Motorized Travel Management	4-28
Objectives for Vegetation Management	4-29
Objectives for Wildland Urban Interface Fuels Management ..	4-30
Objectives for Rangeland Management.....	4-31
Objectives for Concentrated Use Camping Management.....	4-32

Objectives for Bonneville Shoreline, Great Western, and Shoshone Trails.....	4-33
4. Forestwide Standards and Guidelines.....	4-36
Air Resources.....	4-36
Soil and Water Resources.....	4-36
Biodiversity and Viability/Terrestrial and Aquatic Habitats	4-38
Plant Collection (non-tree).....	4-44
Fire and Fuels Management.....	4-44
Roads, Trails, and Access Management	4-45
Recreation	4-47
Scenic Resources	4-48
Timberland Resources	4-49
Livestock Grazing.....	4-51
Mineral and Energy Resources.....	4-52
Lands.....	4-53
Special Uses: Recreation and Non-Recreation	4-53
Wilderness.....	4-55
Caves.....	4-56
Heritage.....	4-56
5. Management Prescriptions.....	4-58
Relationships Between Map Layers.....	4-58
Management Prescriptions.....	4-58
Consistency of Prescriptions with Multiple-Use and Other Laws.....	4-58
Allowed Activities Explanations	4-59
Summary of Management Prescription Categories	4-62
Management Prescription Categories	4-63
1.0 – Wilderness.....	4-63
2.0 – Special Management Areas.....	4-65
3.0 – Multiple Resource Uses Where Aquatic/Watershed and Terrestrial Habitat Integrity are Emphasized	4-68
4.0 – Multiple Resource Uses with Recreation Needs and Opportunities.....	4-71
5.0 – Multiple Resource Uses with Forestland Vegetation Management Needs and Opportunities.....	4-74
6.0 – Multiple Resource Uses with Rangeland Vegetation Management Needs and Opportunities.....	4-76
7.0 – Intermingled Public/Private Lands	4-77
8.0 – Concentrated Development Areas	4-78
6a. Recreation Opportunities Spectrum (ROS).....	4-80
Summer Recreation.....	4-80
ROS Application and Relationship to Travel Planning and Management.....	4-80
6b. Winter Recreation	4-90
Winter Recreation Allocations.....	4-90
7. Scenery Management System.....	4-92

Scenery Conversion Table	4-92
Landscape Character Themes and Scenery Integrity Objectives	4-94
8. Monitoring and Evaluation	4-105
Types of Monitoring	4-105
Forest Plan Monitoring and Evaluation	4-105
B. Area Specific Direction	4-118
Bear Management Area	4-119
Setting Description.....	4-119
Watershed Desired Future Conditions	4-120
Biodiversity/Viability Desired Future Conditions	4-120
Special Interest Areas Desired Future Conditions	4-122
Inventoried Roadless Areas Desired Future Conditions	4-123
Eligible Wild and Scenic Rivers Desired Future Conditions....	4-123
Roads/Trails/Access Desired Future Conditions	4-123
Recreation Desired Future Conditions.....	4-124
Heritage Desired Future Conditions	4-125
Land Ownership Desired Future Conditions	4-125
Timber Management Desired Future Conditions	4-126
Rangeland/Livestock Grazing Desired Future Conditions	4-126
Non Recreation Special Uses Desired Future Conditions	4-126
Social (non-recreation) Desired Future Conditions	4-127
Cache Box Elder Management Area.....	4-128
Setting Description.....	4-128
Watershed Desired Future Conditions	4-130
Biodiversity/Viability Desired Future Conditions	4-130
Research Natural Areas and Special Interest Areas Desired Future Conditions	4-133
Roadless Areas Desired Future Conditions	4-133
Wilderness and Recommended Wilderness Areas Desired Future Conditions	4-134
Roads/Trails/Access Desired Future Conditions	4-134
Recreation Desired Future Conditions.....	4-135
Heritage Desired Future Conditions	4-136
Land Ownership Desired Future Conditions	4-137
Timber Management Desired Future Conditions	4-137
Rangeland/Livestock Grazing Desired Future Conditions	4-137
Non Recreation Special Uses Desired Future Conditions	4-138
North Wasatch Ogden Valley Management Area	4-140
Setting Description.....	4-140
Watershed Desired Future Conditions	4-141
Biodiversity/Viability Desired Future Conditions	4-142
Aquatic Desired Future Conditions	4-143
Special Interest Areas Desired Future Conditions	4-144
Roadless Areas Desired Future Conditions	4-144
Wilderness and Recommended Wilderness Areas Desired	

Future Conditions	4-145
Eligible Wild and Scenic Rivers Desired Future Conditions....	4-145
Roads/Trails/Access Desired Future Conditions	4-146
Recreation Desired Future Conditions.....	4-147
Heritage Resources	4-149
Land Ownership Desired Future Conditions	4-149
Timber Management Desired Future Conditions	4-149
Rangeland/Livestock Grazing Desired Future Conditions	4-149
Non Recreation Special Uses Desired Future Conditions	4-150
Social (non-recreation) Desired Future Conditions	4-150
Central Wasatch Management Area	4-152
Setting Description.....	4-152
Watershed Desired Future Conditions	4-153
Biodiversity/Viability Desired Future Conditions	4-155
Research Natural Areas Desired Future Conditions	4-157
Special Interest Areas Desired Future Conditions	4-157
Inventoried Roadless Areas Desired Future Conditions	4-158
Wilderness and Recommended Wilderness Areas Desired Future Conditions	4-158
Eligible Wild and Scenic Rivers Desired Future Conditions....	4-159
Roads/Trails/Access Desired Future Conditions	4-160
Recreation Desired Future Conditions.....	4-160
Heritage Desired Future Conditions	4-163
Land Ownership Desired Future Conditions	4-163
Timber Management Desired Future Conditions	4-163
Rangeland/Livestock Grazing Desired Future Conditions	4-163
Non Recreation Special Uses Desired Future Conditions	4-164
Social (non-recreation) Desired Future Conditions	4-164
Stansbury Management Area	4-166
Setting Description.....	4-166
Watershed Desired Future Conditions	4-167
Biodiversity/Viability Desired Future Conditions	4-167
Research Natural Areas Desired Future Conditions	4-169
Roadless Areas Desired Future Conditions	4-169
Wilderness Desired Future Conditions	4-170
Roads/Trails/Access Desired Future Conditions	4-171
Recreation Desired Future Conditions.....	4-171
Heritage Desired Future Conditions	4-173
Land Ownership Desired Future Conditions	4-173
Timber Management Desired Future Conditions	4-173
Rangeland/Livestock Grazing Desired Future Conditions	4-173
Non Recreation Special Uses Desired Future Conditions	4-174
Social (non-recreation) Desired Future Conditions	4-174
Western Uintas Management Area	4-176
Setting Description.....	4-176
Watershed Desired Future Conditions	4-177

Biodiversity/Viability Desired Future Conditions	4-179
Roadless Areas Desired Future Conditions	4-184
Wilderness and Recommended Wilderness Areas Desired Future Conditions	4-185
Eligible Wild and Scenic Rivers Desired Future Conditions....	4-185
Roads/Trails/Access Desired Future Conditions	4-186
Recreation Desired Future Conditions.....	4-186
Recreation Special Uses Desired Future Conditions	4-188
Heritage Resources Desired Future Condition	4-189
Land Ownership Desired Future Conditions	4-189
Timber Management Desired Future Conditions	4-189
Rangeland/Livestock Grazing Desired Future Conditions	4-190
Non Recreation Special Uses Desired Future Conditions	4-190
Minerals Desired Future Conditions.....	4-190
Social (non-recreation) Desired Future Conditions	4-190
Eastern Uintas Management Area	4-192
Setting Description.....	4-192
Watershed Desired Future Conditions	4-193
Biodiversity/Viability Desired Future Conditions	4-194
Roadless Areas Desired Future Conditions	4-197
Wilderness and Recommended Wilderness Areas Desired Future Conditions	4-197
Eligible Wild and Scenic Rivers Desired Future Conditions....	4-197
Roads/Trails/Access Desired Future Conditions	4-198
Recreation Desired Future Conditions.....	4-198
Recreation Special Uses Desired Future Conditions	4-200
Heritage Resources Desired Future Condition	4-200
Land Ownership Desired Future Conditions	4-200
Timber Management Desired Future Conditions	4-201
Rangeland/Livestock Grazing Desired Future Conditions	4-201
Non Recreation Special Uses Desired Future Conditions	4-202
Minerals Desired Future Conditions.....	4-202
Social Desired Future Conditions	4-202

CHAPTER 5

Implementation and Adaptation of the Forest Plan	5-1
Planning for Activities	5-1
Forest Plan Amendment and Revision.....	5-4

GLOSSARY**REFERENCES****APPENDICES****I. Species Conservation Guidance Sources**

Table of Contents - Revised Forest Plan

- II. Watershed Health Guidance Sources
- III. Noxious Weed Management Guidance
- IV. Forest Vegetation Management
- V. Roads Analysis Reference Book
- VI. Management Direction for Individual Wildernesses
- VII. Ground Cover Potentials and Riparian Classifications
- VIII. Protection Standards for Wild & Scenic River Eligible Segments
- IX. Stipulations for Oil and Leasing
- X. Implementation Guidance
- XI. Botanical Resources
