

Oregon State law requires that to operate a snowmobile you must have either a valid Oregon driver's license or a Snowmobile Operator Safety Certificate which may be obtained by successful completion of a Snowmobile Safety Certification class.

Go to the Oregon State Snowmobile Association's website at www.oregonsnow.org/safetytraining.aspx for more information about available classes.

Oregon law requires that snowmobiles be registered and that vehicles using Sno-Parks have the required, current snow park permit.
