Mr. Owen Graham
Executive Director
Alaska Forest Association
111 Stedman Street
Ketchikan, AK 99901

Dear Mr. Graham:

This letter is in response to your objection to the Prince of Wales Landscape Level Final Environmental Impact Statement (Final EIS) and draft Record of Decision (ROD) on the Tongass National Forest. The Responsible Official, Forest Supervisor Earl Stewart, and I, as the Objection Reviewing Officer, have read your objections and have reviewed the (Final EIS) and the draft ROD.

As provided for under the regulations, on February 20, 2019, the responsible official and I hosted a meeting in Kalwock with the project objectors and other interested individuals. We discussed many aspects of the project and the analysis. While we were unable to reach consensus or resolution on all objection issues, I believe it was a constructive meeting. After reviewing your objections and listening to your concerns during the resolution meeting, my response is attached.

As specified at 36 CFR 218.11(b), I must provide a written response to your objection; however, this response need not be point-by-point. As such this letter satisfies the requirements of 36 CFR 218.11, Resolution of Objections.

I appreciate your engagement in this project. If you have any further questions, please feel free to contact Kris Rutledge, Regional Administrative Objections Coordinator, at 907-586-7962 or krutledge@fs.fed.us.

Sincerely,

DAVID SCHMID
Regional Office
Reviewing Officer
