Form for submitting comments

A screenshot of a web form titled "POWLLA Public Workshop Comments" on a green header. Below the header is a thank-you message: "Thank you for submitting comments for the POWLLA Project proposed activities!". The form contains four numbered questions, each followed by a text input field:
1. What is your name?
2. What is your address? (Note: To have standing in the objection process, comments must be specific and include the names and addresses of commenters. Anonymous comments will be accepted and considered, however will not provide standing for objection)
3. Which proposed activity do you have comments on? (Please submit one separate response per proposed activity that you'd like to comment on)
4. What are your comments on this project? Please feel free to provide suggestions, comments, questions, and additional information.
