This is a courtesy copy of an email bulletin sent by Sandy Powers.

This bulletin was sent to the following groups of people:

Subscribers of Prince of Wales Landscape Level Analysis Project (34720 recipients)

You are subscribed to the Prince of Wales Landscape Level Analysis Project for the USDA Forest Service. This information has recently been updated, and is now available.

The Record of Decision (ROD) for the Prince of Wales Landscape Level Analysis (POW LLA) Project on the Tongass National Forest has been signed. The ROD and Appendices including Activity Cards, Implementation Plan, Travel Management decision and Errata are available online at <http://www.fs.usda.gov/goto/tongass/powlla>, and for review at Forest Service offices at the Thorne Bay and Craig Ranger Districts, and the Ketchikan Forest Supervisor's office.

The ROD documents the Responsible Official's decision to select Alternative 2, with modifications, hereafter called the Selected Alternative, and describes the Responsible Official's rationale for the decision. This decision authorizes a wide array of site-specific activities and management strategies, including old- and young-growth timber harvest; precommercial thinning and wildlife habitat improvement; watershed improvement and restoration; recreation facilities maintenance, improvement, and development; and other infrastructure and non-infrastructure activities on the Thorne Bay and Craig Ranger Districts on Prince of Wales and nearby islands.

The FEIS and draft ROD were available for public review prior to the final decision, pursuant to the pre-decisional administrative review process (objection process) under 36 CFR 218, subparts A and B, and fifteen objections with standing were received during the 45-day objection filing period. The Reviewing Officer reviewed the draft decision, in accordance with 36 CFR 218.3(a) and provided instructions (36 CFR 218.11(b)). The Responsible Official has complied with the instructions from the Reviewing Officer prior to signing the ROD (36 CFR 218.12(b)). Project implementation may commence immediately after the decision is signed.

This notification is being sent to those who have expressed an interest in the POW LLA Project through scoping, comments, consultation, or a request to be on the mailing list.

The Tongass Forest Supervisor is the Responsible Official for this decision. If you need additional information, please contact Delilah Brigham, Project Leader, at (907) 828-3232, or by email: dbrigham@fs.fed.us.

Your interest in the Prince of Wales Landscape Level Analysis Project and management of the Tongass National Forest is appreciated.
