Criteria	Review Comments
Planning horizon capability – how many years out can it "look"? 10, 50, 100?	Not clear, might be developed, but near-Term
Need for researchers to run the model	Yes
Data requirements: existing? readily available?	Yes
Feasible with existing computing capability?	Yes
How simple is it to understand outcomes?	straight forward
Are the drivers obvious and sensitivity known?	Drivers, yes. Sensitivity needs a lot more work
Is it transparent? Any black boxes?	Yes. but black boxes necessary.
Can the model predict trends, or would other tools need to generate products to feed in for evaluation?	generally yes. Other Tools not generally necessary
