

GALENA PERSONAL USE POST AND POLE AREA #1

Blue Mountain Ranger District

Effective October 15, 2014 post and poles may be cut and removed from Galena personal use post and pole area on the Blue Mountain Ranger District. See attached map for the designated area. The designated area is marked with orange ribbon, orange paint, and white tags that say "**Galena Personal Use #1**". The following guidelines apply.

- The use of motorized vehicles including **ATV and pickups will be allowed off existing roads. No heavy equipment including tractors, backhoes, skidders etc. will be allowed.**
- A maximum of 200 post/poles per household per year.
- Only **Lodge pole pine** may be removed up to **8 inches** on the large end. No other species of tree may be removed.
- Standing green, standing dead, and downed lodge pole pine may be removed.
- Maximum stump height is **6 inches**.
- Slash or unused material resulting from permittee's activities shall be removed from roads and ditches, and scattered or piled at least 10 feet from any green tree in openings or clearings.
- Load tickets must be attached to the back of the load and be clearly visible. Load tickets must be validated by completely removing the month and date of product removal.
- Permits terminate on December 31st of the year issued.
