

Forest Aquatic Restoration Project NEPA Compliance and Implementation Checklist

Project Number: _____

Date: July 2018

Category: Riparian Vegetation Planting, Fish Passage Restoration, Channel Reconstruction/Relocation, Streambank Restoration

Location: Beaverdam Creek, Emigrant Creek RD, Malheur NF	^{R33E} T18S R33E Sec. 24	43.999, -118.823
Calamity Creek, Emigrant Creek RD, Malheur NF	T19S R33E Sec. 7	43.943 -118.816

Project Description: Beaverdam and Calamity Creek Restoration Project

Heritage

x - Specific PDC for Heritage addressed (Heritage Surveys; Avoidance areas).

Botany

- Specific PDC for Botany addressed (Sensitive Plant Surveys).
- Specific PDC for Nox. Weeds addressed.

Land Management Consistency

- 4A Big Game Winter range
- 6A & 6B Wilderness
- 7 Scenic Area
- 8 Special Interest Areas
- 9 Research Natural Areas
- 10 Semi-Primitive Non-Motorized Recreation Areas
- 22 Wild and Scenic River
- Inventoried Roadless Area

I have reviewed this project and have determined it is within the Project Design Criteria identified for my resource.			
Resource	Signature	Date	Comments
Heritage	<i>Alyson Kroll</i>	4/23/18	See stipulations + map; follow up w/ Alyson regarding spec. locales
Botany/Weeds	<i>Bob Smith</i>	4/24/18	see PDCs - consult botanist for re-seeding
Wildlife	<i>Bob Smith</i>	2/22/18	protect veg. plants from browsing is critical!
Fish*	<i>Chris H. King</i>	2/22/18	Great Project!
Hydrology*	<i>Tom Funder</i>	2/22/18	
Range	<i>Joe Repp</i>	4/12/18	none - just notify Range prior to implementation.
Soils	<i>Thad Oriskany</i>	4/23/18	none - re-hab track marks - follow PDC's
Recreation	<i>Erin Smith</i>	2-26-18	None
Lands and Special Uses/Minerals	<i>Stambell</i>	4/30/18	no lands special uses identified with project vicinity
Engineering			
Fuels / Fire	<i>BB King</i>	4/23/18	- IF PEELING SLASH, CHECK WITH FUELS/FIRE FOR SPECS
Silviculture	<i>Innis Deane</i>	4/23/18	- Silv Rx is attached

* Ensure that an experienced fisheries biologist or hydrologist is involved in the design of all projects covered by Aquatic Restoration Biological Opinion II. The experience should be commensurate with technical requirements of a project.

Line Officer Signature: *Chris King* Date: 5/15/2018
