Seasonal Roads Table

Row Number	Name	Designation	Dates Allowed
2204110	CAMPBELL CG	Seasonal, High Clearance Vehicle	04/01-10/31
2270600	N/A	Seasonal, High Clearance Vehicle	05/160-09/30
2272040	WILLABY CG	Seasonal, High Clearance Vehicle	04/01-10/31
2272140	FALLS CREEK CG	Seasonal, High Clearance Vehicle	05/16-09/30
2272150	GATTON CREEK CG	Seasonal, High Clearance Vehicle	05/16-09/30
2900011	KLAHANIECG	Seasonal, High Clearance Vehicle	05/01-09/30
2900012	KLAHANIE CG SPUR	Seasonal, High Clearance Vehicle	05/01-09/30
2900990	KLAHOWYA CAMP GROUND	Seasonal, High Clearance Vehicle	04/01-10/31
2900992	KLAHOWYA CAMP GROUND TIE THRU	Seasonal, High Clearance Vehicle	04/01-10/31
2900995	KLAHOWYA CAMP GROUND SPUR	Seasonal, High Clearance Vehicle	04/01-10/31

PARKING

Motor vehicles may be parked within one vehicle length from the edge of the road surface when it is safe to do so without causing damage to USDA Forest Service resources or facilities, unless prohibited by state law, a traffic sign, or an order (36 CFR 261.54).

DISPERSED CAMPING

Motor vehicle use off of designated roads for the purpose of dispersed camping is permitted for up to 150 feet from the centerline of the road either both side of the road on National Forest System Lands (NFSL) ownership or side opposite non NFSL ownership. Refer to the list of roads in the Road Seasonal and Special Vehicle Designations table for any restrictions that apply.

CONTACT INFORMATION

ROUTE MARKERS

The Olympic National Forest is continuing an ongoing process to update and maintain road signs on Forest Roads. For specific information regarding traveling conditions, contact the local field office.

THE PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this map are effective as of the date stamped or printed on the front cover. This map shows the National Forest System roads, National Forest System trails, and the areas on National Forest System lands in the Olympic National Forest that are designated for motor vehicle use pursuant to 36 Code of Federal Regulations (CFR) 212.51. The map contains a list of those designated roads, trails, and areas; the types of vehicles allowed on each route and in each area; and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as encouraging or inviting use or implying that the road, trail, or area is passable, actively maintained, or safe for travel. Motor vehicles may be parked within one vehicle length from the edge of the road surface when it is safe to do so without causing damage to USDA Forest Service resources or facilities, unless prohibited by state law, a traffic sign, or an order (36 CFR 261.54). Seasonal weather conditions and natural events may render some roads and trails impassable for extended periods. Designated areas may contain dangerous or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on available resources, and many may receive little maintenance.

This motor vehicle use map identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for information and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

OPERATOR RESPONSIBILITIES

Operating a motor vehicle on National Forest System roads, National Forest System trails, and in areas on National Forest System lands carries a greater responsibility than operating that vehicle in a city or other developed setting. Not only must you know and follow all applicable traffic laws, you need to show concern for the environment, as well as other forest users. The misuse of motor vehicles can lead to the temporary or permanent closure of any designated road, trail, or area. As a motor vehicle operator, you are also subject to State traffic law, including State requirements for licensing, registration, and operation of the vehicle in question.

Motor vehicle use, especially off-highway vehicle use, involves inherent risks that may cause property damage, serious injury, and possibly death to participants. Drive cautiously and anticipate rough surfaces and features such as snow, mud, vegetation, and water crossings common to remote driving conditions. By your participation, you voluntarily assume full responsibility for these damages, risks, and dangers. Take care at all times to protect yourself and those under your responsibility.

Much of the Olympic National Forest is remote. Medical assistance may not be readily available. Cellular telephones do not work in many areas of the Olympic National Forest. Take adequate food, water, first-aid supplies, and other equipment appropriate for the conditions and expected weather.

Read and understand this map in its entirety. If you have questions, please contact the Olympic National Forest for clarification.

As a motor vehicle operator on a National Forest System road, trail, or area, you must comply with this map, as well as all Federal, State, and local laws and regulations. Compliance with these rules is your responsibility.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Olympic National Forest other than in accordance with these designations (36 CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months or both (18 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

This map does not display non-motorized uses, over-snow uses, or other facilities and attractions on the Olympic National Forest. Obtain forest visitor information from the local national forest office.

Designated roads, trails, and areas may also be subject to temporary, emergency closures. As a visitor, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail, or area on a temporary basis to protect the life, health, or safety of forest visitors or the natural or cultural resources in these areas. Such temporary and/or emergency closures are consistent with the Travel Management Rule (36 CFR 212.52

The designation "road or trail open to all motor vehicles" does not supersede vehicle size or weight limits imposed through State traffic law.
