PURPOSE

The purpose of this Order is to provide for resource protection. FSR 4178 is being used as a haul route during winter logging operations of the Wood Duck timber sale. The winter logging operations include snow removal on FSR 4178. The logging operations and hauling will pause for spring-breakup, as required by the timber sale contract. The road is typically not accessible during spring-breakup, however snow removal for winter logging operations has resulted in unseasonable accessibility for public users and the

road resource/infrastructure needs to be temporarily protected.
