
This map displays campsites that visitors have used in the past. The campsites displayed on the map are not designated by the Forest Service for camping. This data is used by land managers to understand the impacts of camping across the landscape, help mitigate damage, and complete strategic restoration activities. Wilderness travel and camping involves inherent hazards and dangers. Visitors will need to use their own judgement to determine the safety of a site when camping in the backcountry.

Campsite Size

- 0 - 200 Ft.²
- 400 - 600 Ft.²
- 400 - 600 Ft.²
- >600 Ft.²
