Richfield, Utah 84701
(435) 896-9233

Forest Supervisor's Office
115 East 900 North
Richfield, Utah 84701
(435) 896-9233

Other agencies to contact for information:

BUREAU OF LAND MANAGEMENT

150 East 900 North
Richfield, Utah 84701
(435) 896-1500

EMERGENCY & OTHER INFORMATION SOURCES

Emergencies Only.....Dial 911

Report fires to nearest Forest Service personnel (they usually have radios) or to the Richfield Interagency Dispatch.....(435) 896-8404

Search and Rescue is the responsibility of the County Sheriff. Phone number is:

Sevier County.....(435) 896-2600 (Richfield)

ATV Users

Utah State law and the Federal Highway Safety Act prohibits operation of unlicensed non-street legal vehicles and unlicensed operators on public and National Forest roads, unless the road is shown as open to such use. Carefully regard signing and the Forest Travel Map

Safety Rules

- Always ride in control. Ride within your abilities and your machine's capabilities.
- Always wear appropriate safety gear. At a minimum, this should include a helmet, shatter resistant eye protection, long sleeves, long pants, gloves, and boots.
- Only carry passengers if your OHV is specifically designed to do so. Carrying passengers can alter the balance of the machine, causing a loss of control.
- Riders under the age of 16 should be supervised by a responsible adult at all times.
- Riding a machine that is too big is a major cause of injuries, especially to young riders. Riders should be able to straddle the machine with a slight bend to the knees while both feet are on the footrests.
- Always tell someone where you are going and when you will return.
- Be prepared for any emergency. Always carry a tool kit and spare parts, a first aid kit, survival equipment, extra food, water, and fuel.
- Check the weather forecast before leaving home.
- Never drink and ride. Alcohol and OHVs don't mix, but create a deadly and illegal combination.

How to Tread Lightly

- Obtain a Travel Map from the Forest Service, or regulations from other public land agencies. Learn the rules and follow them.
- Avoid running over young trees, shrubs, and grasses -damaging or killing them.
- Stay off soft, wet roads and trails readily torn up by vehicles (particularly during hunting seasons). Repairing damage is expensive.
- Travel around meadows, steep hillsides, or streambanks and lakeshores easily scarred by churning wheels.
- Resist the urge to pioneer a new road or trail, or to cut across a switchback.
- Stay away from wild animals that are rearing young or suffering from food shortage. Stress can sap scarce energy reserves.
- Obey gate closures and regulatory signs. Leave gates as you found them.
- Stay out of Wildernesses. They're closed to all vehicles. Know where the boundaries are.
- Get permission to travel across private land. Respect landowner rights.

Future opportunities for exciting travel with your recreation vehicle are in your hands so....

TREAD LIGHTLY!

JUNCTION POST

A fiberglass marker or 4"x 4" post located at the trail junction indicates the trail number, difficulty level, allowed use, and directional arrow.

REASSURANCE MARKER

A fiberglass marker with a directional arrow and a one- or two-digit trail number indicates the continuing direction of the trail.

CLOSURE MARKER

A fiberglass marker in the middle of the trail indicates a closure for rehabilitation, maintenance, or other resource reason.

DEGREE OF DIFFICULTY

Ratings are assigned to trails under ideal conditions and are based on difficulty compared to other trails in the area. A trail rated easiest by Gooseberry ATV Trail System standards could possibly be rated more or even most difficult elsewhere. Trail conditions are always subject to change due to the weather and other acts of nature.

ROAD MARKER

A fiberglass marker or wooden sign usually at a road junction with no direction arrow. These three- or four-digit numbers indicate a road open to motorized travel.

Vehicle Travel Regulations

Routes open to motorized use are designated on the Fishlake National Forest Motor Vehicle Use Map (MVUM). Enforced under the Code of Federal Regulations for your safety and protection of natural resources, the following are prohibited in the National Forest system:

- Off-road or off-trail motorized travel is prohibited.
- Damaging and leaving in a damaged condition any such road, trail, or segment thereof.
- Blocking, restricting, or otherwise interfering with the use of a road, trail or gate.
- Without a valid license as required by State law.
- Without an operable braking system.
- From one-half hour after sunset to one-half hour before sunrise unless equipped with working head and tail lights.
- In violation of any applicable noise emission standard established by any Federal or State agency.
- While under the influence of alcohol or other drug.
- Creating excessive or unusual smoke.
- Carelessly, recklessly, or without regard for the safety of any person, or in a manner that endangers, or is likely to endanger, any person or property.
- In a manner which damages or unreasonably disturbs the land, wildlife, or vegetative resources.
- In violation of State law established for vehicles used off roads.
- All off-highway vehicles operated or transported on public land, roads or trails must be currently registered.
- Operators under 8 years of age cannot operate off-highway vehicles on public land.
- Off-highway vehicle operators and passengers under the age of 18 years must wear a properly fitting safety rated helmet.
- Operators under 16 years of age must be accompanied by an adult.

Good Manners

These tips and information will help you to enjoy your National Forest without damaging natural surroundings.

- Please pack out all garbage.
- Respect the property and privacy of others.
- Respect the solitude. Many visitors come in search of quiet and serenity afforded by the open space. Leave sufficient space between camps for privacy.
- The hiker, horseback rider, or skier has right-of-way for reasons of safety and by rule of common courtesy.
- Signs and trail markers are for direction and use of the area. Please protect them and report vandalism to Forest Service officers.
- If you intend to build a campfire, be sure to clear a 10-foot circle to mineral soil. USE CARE WITH FIRE - MAKE SURE IT'S DEAD OUT when you leave.
- Do not cut green limbs, branches, or boughs. Protect live vegetation.
- Do not leave human waste near any watercourse.
- Traveling in pairs is recommended for safety in backcountry areas.
- Camp well away from lake shores, streams, and trails.

GPS locations of select access points
