

**Malheur, Umatilla, Wallowa-Whitman National Forests**  
**Title II Project Proposal – Supplement for Non-Forest Service Applicants**

Please fill out this supplemental form and submit it, along with the Title II project proposal form to [chase.bloom@usda.gov](mailto:chase.bloom@usda.gov), and/or [amy.franklin1@usda.gov](mailto:amy.franklin1@usda.gov).

**Project name:** \_\_\_\_\_

**Project sponsor/applicant:** \_\_\_\_\_

**Phone number & email:** \_\_\_\_\_

This supplemental information will inform the National Forest, in which the proposed project would affect, about the scope and scale of the proposed project, and help the Forest determine if it has the workforce capacity to assist with tasks such as completing regulatory requirements (such as NEPA) or be involved with project implementation. The agency will also review proposals to determine if it meets agency applicable laws, regulations and management policy. If the proposal is beyond the capability of the Forest to complete required compliance documentation or administration, or the project does not meet agency direction, the project sponsor will be contacted by the District Ranger to discuss options to update the proposal if possible.

Please answer each question:

1. If you are a non-Forest Service applicant:
  - a. Have you worked with the National Forest staff in the development or design of the project?
  - b. Who is the staff member?
  - c. Will the National Forest be involved in implementation?
2. Does the project have a signed NEPA document? If not, how would you contribute to completing the required NEPA before funds are awarded?
  - a. Yes:
  - b. No:
3. All non-Forest Service projects require an agreement to enable transfer of funds. Is an agreement currently in place, and if so, what type, and what is the name/number? Yes\_\_\_ No\_\_\_
4. Have you/your organization registered in the SAM.gov program? Yes\_\_\_ No\_\_\_
5. Can this project be implemented in phases or with less than the requested amount? If yes, by how much and what would not be accomplished with reduced funding (*for example – \$30,000 (full funding) would result in 50 miles of road maintenance and 50% funding would result in 25 miles of road maintenance; or phase 1 would cost x and result in x miles of road maintenance*).

**For District Ranger Completion:**

I have reviewed the proposal and confirm that: 1) I support the project; 2) the project provides a benefit, direct or indirect, to National Forest System lands, 3) NEPA is complete, or can reasonably be completed ahead of implementation; and 4) the district has adequate capacity to coordinate any components of the project that require Forest Service oversight.

The following individual has been designated as the Forest Service point of contact for establishing funding agreements with the proponent and coordinating work on National Forest System lands.

Forest Service point of contact: \_\_\_\_\_
