

Motor Vehicle Use Map

Ouachita National Forest
Mena/Oden
Ranger District

PURPOSE AND CONTENTS OF THIS MAP

The designations shown on this motor vehicle use map (MVUM) were made by the responsible officer pursuant to 36 CFR 261.13. They are effective as of the date on the front cover of this MVUM and will remain in effect until superseded by next year's MVUM.

Daniel Olson, Forest Supervisor, Ouachita National Forest

This map is the responsibility of the user to acquire the current MVUM. This map shows roads, trails, and areas on National Forest System lands in the Ouachita National Forest that are designated for motor vehicle use pursuant to 36 Code of Federal Regulations, Part 261.13. This map contains a list of those designated roads, trails, and areas; the types of vehicles that are allowed on each route and in each area; and any seasonal restrictions that apply on those routes and in those areas.

Designation of a road, trail, or area for motor vehicle use by a particular class of vehicle under 36 CFR 212.51 should not be interpreted as an endorsement of the use, implying that the road, trail or area is passable, actively maintained, or safe for travel. Motor vehicle designations include parking along designated routes and at facilities associated with designated routes, but do not imply that the route is not causing damage to National Forest System resources. Seasonal weather conditions and natural events may render designated routes and trails impassable for extended periods of time. Many roads and trails are located in rugged or impassable terrain. Many designated roads and trails may be passable only by high-clearance vehicles or four-wheel-drive vehicles. Maintenance of designated roads and trails will depend on availability of resources and may require little maintenance.

This map also identifies those roads, trails, and areas designated for the motor vehicle use under 36 CFR 212.51 for the purpose of enforcing the prohibition at 36 CFR 261.13. This is a limited purpose. The other public roads are shown for travel and navigation purposes only and are not subject to designation under the Forest Service travel management regulation.

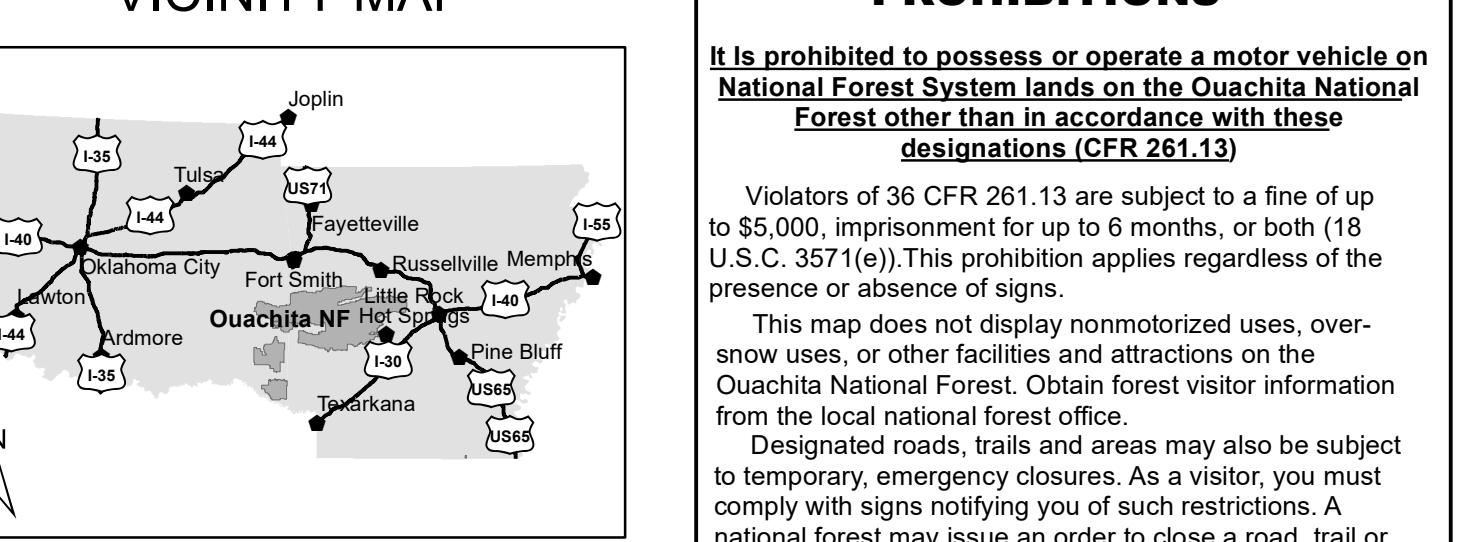

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

These designations apply only to National Forest System roads, National Forest System trails, and areas on National Forest System lands.

PROHIBITIONS

It is prohibited to possess or operate a motor vehicle on National Forest System lands on the Ouachita National Forest other than in accordance with these designations (36 CFR 261.13).

Violators of 36 CFR 261.13 are subject to a fine of up to \$5,000, imprisonment for up to 6 months, or both (19 U.S.C. 3571(e)). This prohibition applies regardless of the presence or absence of signs.

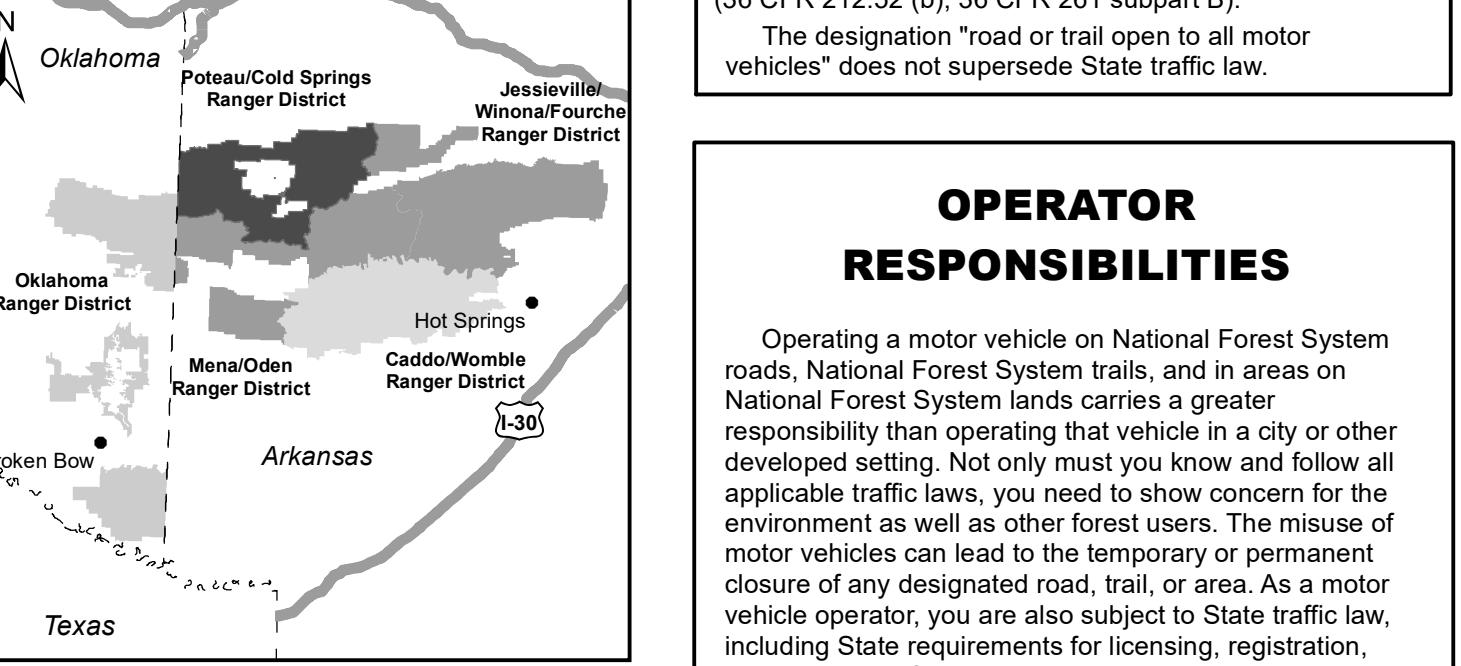

This map does not display commercial uses, over-snow vehicles, or other vehicles and attractions on the forest.

Obtain Forest visitor information on the local national forest office.

Designated roads, trails and areas may also be subject to temporary emergency closure. As a motorist, you must comply with signs notifying you of such restrictions. A national forest may issue an order to close a road, trail or area to motor vehicle use for the protection of natural or safety of forest visitors or the natural or cultural resources in these areas. Such a temporary and/or emergency closure is consistent with the Travel Management Rule (36 CFR 261.52 and 36 CFR 261.53).

The designation "road or trail open to all motor vehicles" does not supersede State traffic law.
