Gated roads are closed to public use but some are seasonally open. Refer to the **Motor Vehicle Use Map** on our website or call the Oconee District Office for the status of gated roads.

National forest roads are shown on this map for reference only. Roads actually open for public use are officially designated on the **Motorized Vehicle Use Map** that is available at all Forest Service offices.

Road conditions are subject to change. Local inquiry strongly advised.

Note: Many roads through private lands on this map have been omitted because these roads are not under Forest Service jurisdiction.

Public lands are subject to changes and leasing. Local inquiry should be made before entering.
