This ridge route is marked with rock cairns and has extraordinary views of Prince William Sound, Eyak Lake, the Copper River Delta, and the surrounding Chugach Mountains. Approximately halfway on the ridge, a small shelter (amenities not included) is available for day-use or overnight camping on a first-come-first-serve basis. There is excellent berry picking along the loop as well as good possibilities of viewing bears and mountain goats. Be aware of dense fog that can obscure the trail. The entire loop from Crater Lake trailhead to Power Creek trailhead is 12 miles (approximate time is 10 - 12 hours).
