**Slash Disposal Requirements (SDZ) - CT6.7#**  
 Across the entire contract area, except where additional treatment is required along trails, slash shall be no deeper than 4 feet (All Payment units). Reduce slash within 25 feet of trails to a depth no greater than 1 foot (Payment Units 5, 11, and 14).

**Operating Requirements - CT6.314#**  
 Within all payment units, equipment operations may only occur when soils are capable of supporting equipment without incurring detrimental compactions, puddling or rutting.  
 Within payment unit 2, this is normally judged to be 6 inches of frozen soil and/or 12 inches of compacted snow or when the water table is at least 15 inches below the surface of the ground.
