

Burro Canyon TR. NO. 007

Dixie National Forest, Escalante Ranger District

General Description: A scenic hike down Burro Canyon with views of Powell Point. Can be combined with the Henderson Canyon Trail No. 050 to make a 12 mile loop.

Mileage: 6.5 miles

Difficulty: Foot: Moderate
Bike: Moderate
Horse: Moderate
OHV: Not Permitted, including E-bikes

Trailhead access: Graded dirt road

Elevation loss / gain: 1000 feet

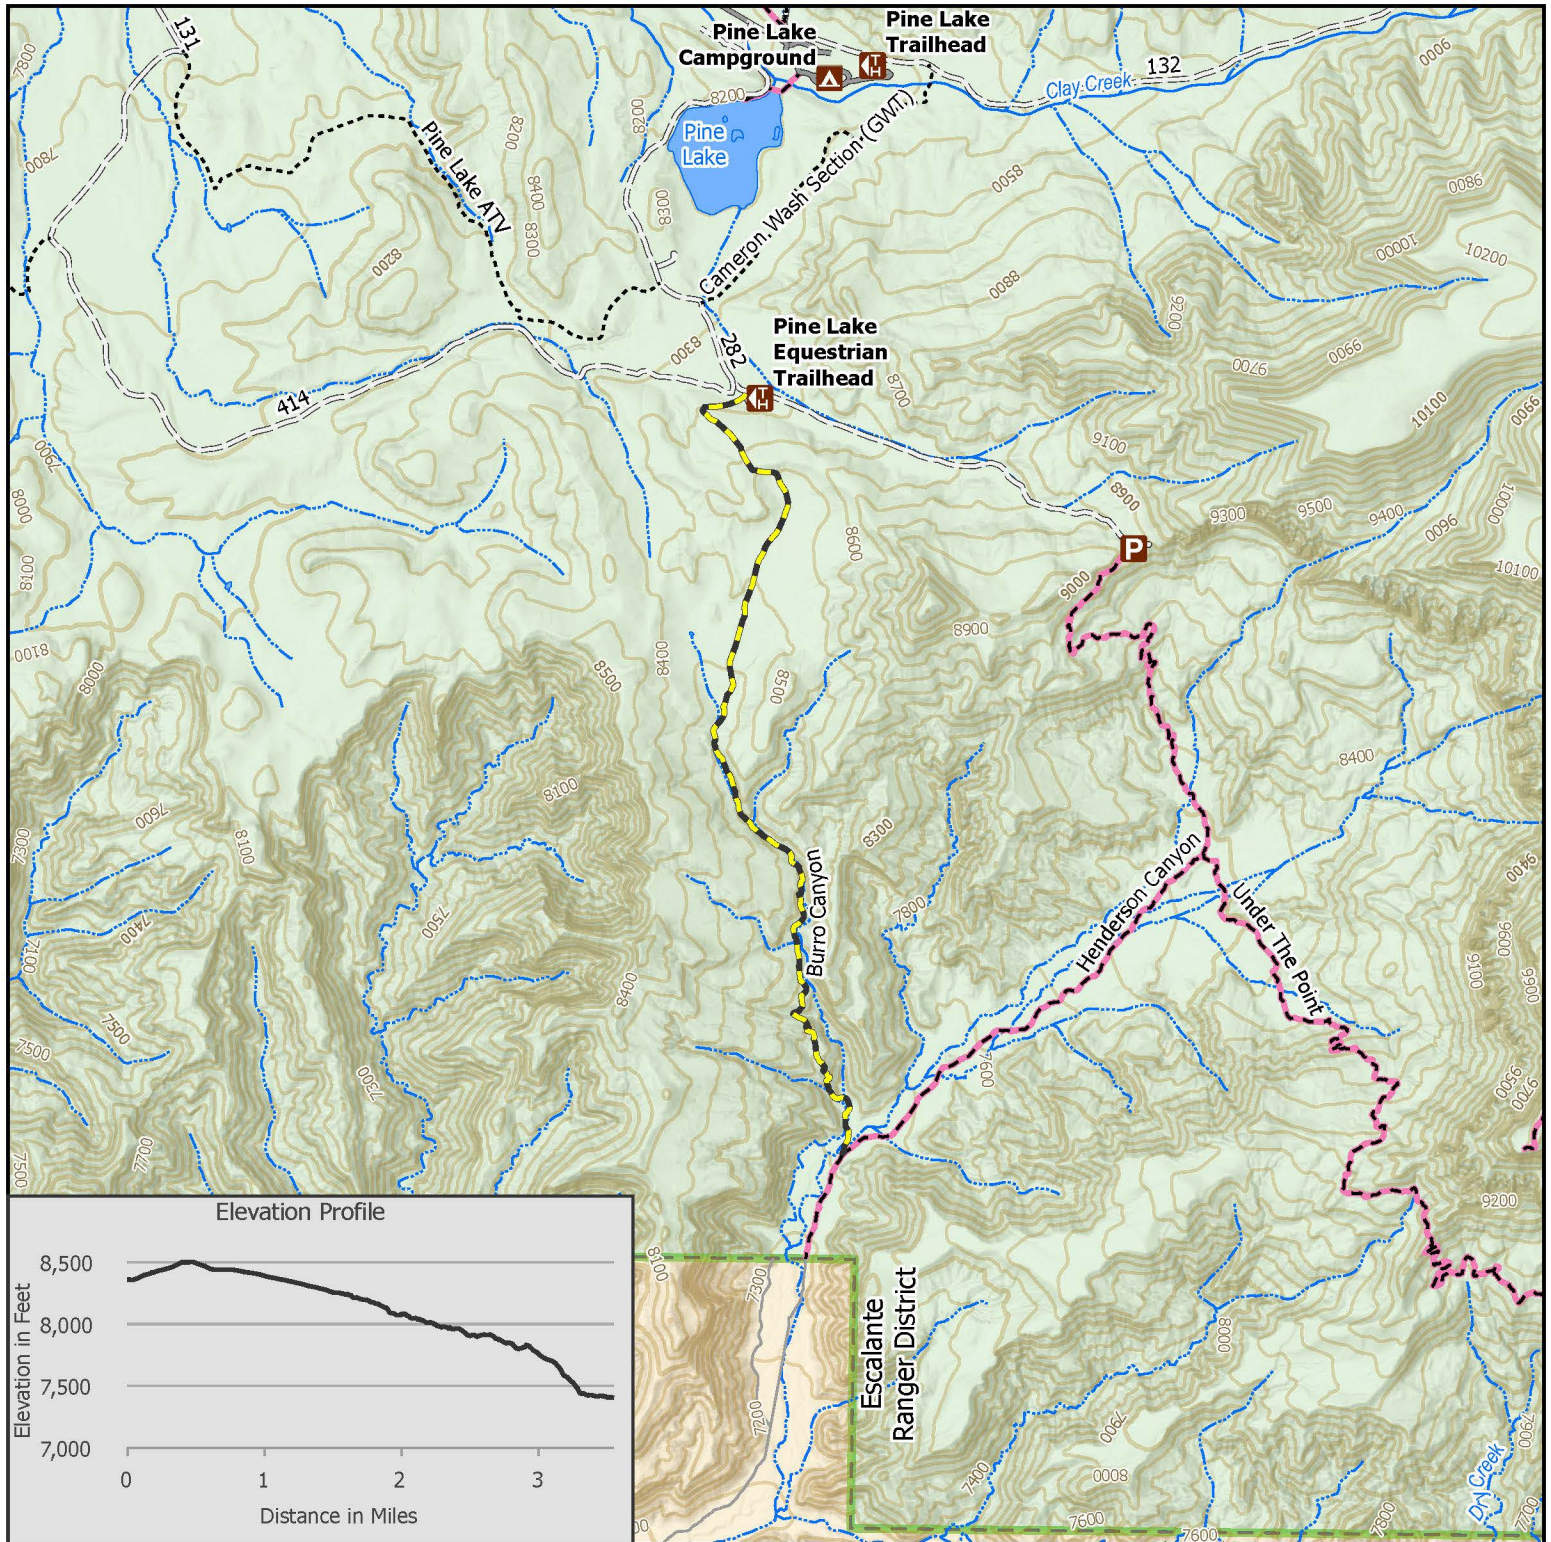

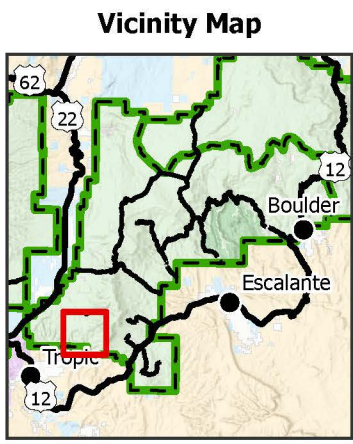

Water availability: Water may be available in Burro Canyon but is not reliable. Bring your own water. All water should be filtered or treated before drinking.

Hazards / obstacles: Sections of the trail can be difficult to follow. Look for cairns and blazes marking the trail. Weather can change quickly. Be prepared for cold weather year-round. Ridges, saddles, viewpoints and open meadows are dangerous during thunderstorms.

Topo maps: USGS 7.5 minute quads: Pine Lake

The Trailhead: From Tropic drive 7.4 miles west on Hwy 12 to the Bryce Canyon / Antimony intersection. Turn north (right) toward Antimony. This is county road 1660 locally know as Johns Valley Road. 14 miles down Johns Valley Road turn right on FR 132 towards Pine Lake. Drive 5.5 miles on FR 132. Turn right on FR 282 towards Pine Lake. Cross over the dam. Continue on FR 282 until you reach the equestrian trailhead parking area.

The Trail: From the trailhead follow FR 282 back a short distance to where the sign indicates the Burro Canyon Trail and Great Western Trail. The burro canyon trail follows the road that immediately begins climbing the hill on the left. At the top of the hill the road passes through a gate. Please close the gate behind you. The road descends from there. After approximately 1 mile the road ends and the single-track trail begins to descend Burro canyon. At 2 miles the trail passes a waterfall. At 3 miles the trail climbs up and has nice views, then drops back down in the canyon. The trail crosses two washes then comes to the junction of the Henderson Canyon Trail.
